

**HEALTH CARE ADMINISTRATION AND PLANNING ACADEMIC MAP: DEGREE BS (120 CREDIT HOURS)  
ACCELERATED-ONLINE (Option I)**

This degree map is a semester-by-semester course schedule for students majoring in the [Accelerated Health Care Administration and Planning](#). The milestones listed to the right of each semester are designed to keep a student on track to graduate in three years and one summer session. The schedule serves as a general guideline to help build a full schedule each semester. Milestones are courses and special requirements necessary for timely progress to complete a major. When one or more milestones are missed, students should consult with an academic advisor to determine if another degree path would be more suitable.

To enroll in courses within the major (Health Care Administration courses), students must submit a *Public Health, Health Administration, and Health Sciences (PHHAHS) Department Application*. The deadline to apply for admission into the Accelerated HCAP program is the last week of May for acceptance in the fall semester. Students must submit a Department Application and meet with the Admissions Committee and be approved for admission to the program before they will be allowed to enroll in courses. The application packet consists of: a department application; two letters of recommendation, a personal goals statement, an interview with the Admissions Committee, and a recent transcript. Students must have a minimum GPA of 2.75 (on a 4.0 scale) to be considered for admission to the Accelerated Bachelor degree program in Health Care Administration and Planning.

After a student is accepted for admission to the Health Care Administration and Planning (HCAP) Program, they must adhere to the following retention policy to remain in the HCAP Program:

1. Students must maintain minimum cumulative grade point average of 2.5 (on scale of 4.0).
2. Students must earn a “C” or better in all major courses and supporting courses in Science, Business, English, and Mathematics. Failure to maintain a “C” in any of these courses will result in the student repeating the course the next semester the course is offered with the approval of the Advisor.
3. Students who earn grade less than “C” in HCAP courses for more than one semester will be dismissed from the HCAP Program.

Each student will be assigned to a faculty advisor in the department. We strongly recommend that students do not self-advise. Each semester, the student should schedule a meeting with their advisor before registering for classes.

Students who have been dismissed from the HCAP Program may apply for readmission. Students who request readmission should present evidence to the PHHAHA Admissions Committee of substantial change in circumstances warranting reconsideration. Readmission after dismissal is considered after the student explains the circumstances that led to their poor performance and what they plan to do to improve their academic performance (i.e., seek tutoring).

Tennessee State University and the department recognize that students have diverse learning, life, and professional experiences. Therefore, a student may submit a request to waive the six credit hour internship one year prior to enrolling in the internship. Please check with the PHHAHS Department to get specific instructions about the requirements. In addition, the University provides opportunities for students to earn college credit toward the degree through a number of assessment options that evaluate their learning experiences. These paths are grouped under the category “Prior Learning Assessment” (PLA). Various means of earning PLA credit at TSU are the following: Advance Placement Program, American Council of Education (ACE) Military Credit, American Council on Education (ACE) other Assessed Credit, College Level Exam Program (CLEP), DSST Credit by Examination Program (includes DANTES Examination), Institutional Course Challenge Exams (Departmental Exams), International Baccalaureate Credit, Other Military Service, Portfolio Assessment. To learn more about PLA contact your academic advisor or the Office of Student Support Services for Adult and Distance Learners (615) 963-7001.
