

**MUSIC, CONCENTRATION—INSTRUMENTAL/GENERAL MUSIC EDUCATION-LICENSURE FOR
GRADES K-12 ACADEMIC MAP: DEGREE BS (12 CREDIT HOURS)**

This degree map is a semester-by-semester sample course schedule for students majoring in **Music with a concentration in Instrumental/General Music Education-Licensure for Grades K-12**. The milestones listed to the right of each semester are designed to keep a student on track to graduate in four years. The schedule serves as a general guideline to help build a full schedule each semester. Milestones are courses and special requirements necessary for timely progress to complete a major. When one or more milestones are missed, a student should consult with an academic advisor to determine if another degree path would be more suitable.

The Department offers the Bachelor of Science in Music Degree with concentrations in 1) Instrumental/General Music Education, 2) Vocal/General Music Education, 3) Liberal Arts, and 4) Commercial Music with emphases in Business, Technology and Performance.

Each student must declare a primary applied area of performance and must focus in this area for the equivalent of four years. The student must present a recital(s) as noted in the specific degree program. Each student must perform at seminars and student recitals. In most cases the choice of the primary applied area and curriculum is governed by the proficiency that the student has achieved prior to entering the University. A senior project and internship required of students in Commercial Music. A piano skills diagnostic test will be administered upon admission and the student will be advised as to the best manner of meeting the required piano proficiency. Music majors are required to participate in a primary ensemble for credit: seven semesters for Music Education majors, eight semesters for Liberal Arts majors, and seven semesters for Commercial Music majors. Membership is not limited to one ensemble; students are encouraged to experience a variety of additional ensembles, whether enrolled for credit or for zero credit.

The Bachelor of Science in Music Education is intended for students who wish to pursue a teaching career at the elementary, middle, and high school levels in public and private schools. Students who complete the undergraduate Music Education degree at Tennessee State University are professionally licensed to teach K-12 choral, instrumental, and general music through coursework taken in the College of Education and the Department of Music. Students must meet with the Music Education Coordinator for advisement. As detailed in the map below, students should follow (1) the degree plan for the Music Education-Vocal track, (2) Maintain 2.75 GPA required for teacher certification, (3) develop responsible behaviors towards becoming a professional educator, and (4) pass Praxis I and II for admission to the Teacher Education Program and teacher certification.

Tennessee State University recognizes that students have diverse learning, life, and professional experiences. The University provides opportunities for students to earn college credit toward the degree through a number of assessment options that evaluate their learning experiences. These paths are grouped under the category "Prior Learning Assessment" (PLA). Various means of earning PLA credit at TSU are the following: Advanced Placement Program, American Council of Education (ACE) Military Credit, College Level Exam Program (CLEP), DSST Credit by Examination Program (includes DANTES Examination), Institutional Course Challenge Exams (Departmental Exams), International Baccalaureate Credit, Other Military Service, Portfolio Assessment. To learn more about PLA contact your academic advisor or the Office of Student Support Services for Adult and Distance Learners at (615) 963-7001 or adultstudentsupport@tnstate.edu.
