

MARGARET T MMBAGA
222 Haynes Haven Lane
Murfreesboro, TN 37129
(931) 668-3563 (W), (615) 867-0749(H)
mmmbaga@tnstate.edu

EDUCATIONAL BACKGROUND:

Ph.D. 1980 Plant Pathology, University of Wisconsin, Madison, WI. USA
M.S. 1976 Botany (Mycology), University of Dar es Salaam, Botany Department, Tanzania.
B.S. 1974 Biology Major (Botany and Zoology) and Education as a minor. University of Dar es Salaam, Tanzania

EMPLOYMENT HISTORY

2006-Current: Research Professor, Tennessee State University, School of Agriculture and Consumer Science, Nursery Research Center, McMinnville, TN. USA
2002 - 2006 Associate Research Professor, Tennessee State University, School of Agriculture and Consumer Science, Nursery Research Center, McMinnville, TN. USA
1995 - 2002 Research Plant Pathologist, Nursery Research Center, McMinnville, TN. USA
1992 - 1994 Senior Scientist (Legume Pathologist), Germplasm Program. International Center of Agricultural Research in Dry Areas (ICARDA), Aleppo, Syria.
1989 - 1992. Visiting Scientist, Dept. of Plant Pathology, University of Nebraska, Lincoln, NE USA
1988 - 1991 Associate Professor, Dept. of Botany, University of Dar es Salaam, Tanzania.
1984 - 1989 Senior Lecturer, Dept. of Botany, University of Dar es Salaam, Tanzania.
1980 - 1984 Lecturer, Dept. of Botany, University of Dar es Salaam, Tanzania.

Research Projects and Grantsmanship

Mmbaga. M. T., S. Ochieng and Sauvé. 2010-2013. Development of Biological based IPM for flowering dogwood production (*Cornus florida*) USDA/CSREEF NIFA.
\$299,981

Mmbaga. M. T., and J.B. Oliver. 2010-2013. Alternatives to conventional pesticides in disease and pest management in nursery production system. USDA/CSREEF NIFA.
\$199,997

Mmbaga. M. T., Sauvé, R. and Zhou, S. 2004-2009. Evaluation of Phytophthora diseases and Sudden Oak death syndrome. USDA/CSREES Capacity Building Grants
\$294,978.

Sauvé, R. Zhou, S. and Mmbaga, M.T. 2004-2009. Identification of heat response mechanism and genes in plants with different levels of tolerance to high temperature. USDA/CSREES Capacity Building Grants \$299,870.

Mmbaga. M. T. 2003-2008. Integrated Disease Management for Powdery mildew on *Cornus* spp. USDA/CSREES Capacity Building Grants \$299,986.

Mmbaga, M. T. 2002-2007. Host resistance and pathogenic variability in powdery mildew of dogwood. USDA/CREES Capacity Building Grants \$139, 000.

- Sauvé, R. Zhou, S. and Mmbaga, M.T. 2002 Genetic transformation of geranium, tomato and potato with antimicrobial genes for resistance to Ralstonia. NRI \$100,000.
- Sauvé, R. and Mmbaga, M.T. 2002 (Equipment Grant). A gel-Documentation System for use in functional genetic studies of nursery crops under abiotic and biotic stresses. NRI (Plant response to environment). \$18,213.
- Mmbaga, M. T. 2002A sub-contract from Georgia Institute of Technology Jim Demmers 2003. Emergency Management of Agricultural Bio-terrorism: A Training Curriculum (Crop section of the project) (\$52,691): A training Curriculum Technical Support Working Group (TSWG) BAA: DAAD05-02-T-0215
- Mmbaga, M. T. 2002-2004. Biorational Products for Powdery Mildew and Insect Pest management in Nursery crops. United States Environmental Protection Agency. \$100,000.
- Mmbaga M. T. and Reed, S. 2001. Host resistance to powdery mildew of dogwood. Tennessee Nursery and Landscape Association (TNLA). \$1,500.
- Mmbaga M. T. and Hongyan Sheng 2000. Biodegradable compound for powdery mildew disease management in dogwood. Tennessee Nursery and Landscape Association (TNLA). \$2,000.
- Mmbaga, M. T. 1999. Host resistance and biorational products for powdery mildew disease management in dogwood. Horticultural Research Institute (HRI). \$10,000
- Mmbaga M.T 1998. Integrated disease management of powdery mildew in dogwood (*Cornus spp.*). USDA/CREEES Capacity Building Grants (1998-2001) \$270, 000
- Mmbaga, M. T. 2002 (Collaborator) A project on Social Acceptability of Agricultural Biotechnology: The case of genetically modified crops. IFAS. \$100,000
- Mmbaga, M.T. 1994. (Project Coordinator), Integrated Disease Management in cereal and legume based cropping systems of the West Asia and North Africa region. The Der Bundesminister fur Wirtschaftliche Zusammenerbeit (BMZ) in Germany. \$ 1.9 million for the International Center of Agricultural Research in Dry Areas (ICARDA).
- Mmbaga, M.T 1981-1988 (in Tanzania): Bean diseases and their control in Tanzania. The International Foundation for Science, Stockholm, Sweden. Awarded a total \$ 60,000.
