

The **Human Resource Management** Concentration is designed to prepare students for a career in the HR field. Graduates of the program will possess the basic, technical, theoretical and application skills required for HR positions in industry, government and nonprofit organizations.

**What is Human Resource Management?**

- HRM includes all management decisions and practices that directly impact or influence the people who work for an organization.
- HRM recognizes that employees enable an organization to reach its goals, and the management of employees (human resources) is critical to organizational outcomes (survival, competitiveness, growth and profitability).

**HRM Model**

**Job Availability**

There is a growing demand for qualified HR Generalists and Specialists. The HR department's responsibilities and contributions to an organization have increased sharply in recent years, evidenced by the emergence of HR executives at the top level of management, along side CEO's, CFO's and CIO's. The Department of labor (DOL) also specifies that jobs in HR are expected to grow at a rate faster than average. In fact, the DOL notes that more than 820,000 HR jobs were listed in 2005.

**Professional Association**

The Society for Human Resource Management (SHRM) is the world's largest association devoted to human resource management. Founded in 1948, the Society has more than 175,000 members in more than 100 countries. The award winning TSU student chapter of SHRM has been active for many years and has the direct support of the Nashville Professional SHRM members. Networking and other opportunities to enhance academic and professional experiences abound. SHRM also offers preparation for the HR Certification Examination.
