

The Supply Chain Management

concentration is designed to prepare students for a career in Supply Chain Management, having the management and technological skills required for positions in the Supply Chain Environment. The program also provides students with an understanding of the strategic and operational nature of Supply Chain Management.

Using on-line classes in addition to regular day and evening classes, the concentration also addresses the needs of non-traditional students.

Supply Chain Management is the broad range of activities required to plan, control and execute a product's flow, from acquiring raw materials and production through distribution to the final customer, in the most streamlined and cost-effective way possible.

What our degree program emphasizes?

Our BBA degree with a concentration in supply chain management (SCM) emphasizes the four important areas of:

- **Sourcing** (global strategic procurement, supply contract negotiation)
- **Supply** (production, quality management and service operations)
- **Delivery** (logistics, demand fulfillment), and
- **E-business/information systems** (critical enabler of supply chain efficiencies and responsiveness).

Our program is unique

- A unique program that combines e-Business technology with Supply Management into one concentration.
- The concentration was reviewed by the nation's highly regarded 'Institute for Supply Management (ISM)', which highly recommended it to be a model throughout the US.

Scholarships

A number of corporate-sponsored scholarships are available for students who are supply chain management majors with strong academic and leadership backgrounds.

Career Options in SCM

Graduates may be involved in Procurement Contract Negotiations and Management (national and international), Supplier Quality Evaluation, B2B Purchasing, Warehousing, ERP, Inventory Management, Transportation, Packaging and International Logistics. As a supply chain manager, the entire supply chain operation from inception to final customer distribution is involved.

Corporate Sponsored Scholarships and Internships of our Supply Chain Management students come from firms which include:

- Amazon
- Asurion
- Boeing
- Community Health Systems
- Cummins Filtration
- Dell, Inc.
- GEODIS
- HCA
- Lexmark International
- Schneider Electric
- TechnipFMC
- Tractor Supply Company
- Wells Fargo
