Please respond to the following questions:

23. What is the best thing the instructor did to help you learn, and what should the instructor improve in this course?

- I had a lot of experience about various chemical and enzymatic reactions that goes on in human body. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- Biological metabolism (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- I do not think the instructor needs to improve. I believe that he does an awesome job of explaining metabolic processes in the body, as well as it relates to diseases, eating habits, and general knowledge. I would say to continue all that he is doing as far as teaching his students. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- i really admire his way of teaching class. he will make sure,we learn things.his explanation is awesome. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- His academic style is excellent. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- He gave a great analogy to real life situations to explain the pathways (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- The class is well organized which made the learning process easier. If we were able to see the pathways in a less abstract way it would improve my understanding of the connection among them all. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- Excellent teacher period. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- Dr. Vercruysse Very knowledgeable about the subject matter and truly cares for his students success and teaches his class according to the success of his students. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- He is well organised and very good at biochemistry. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- Role Play; guest presentations (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- The best thing: Gave us general notes so we could follow along in lecture and drawing illustrations on board (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- Class discussions were pretty helpful (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- give us bonus (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- The instructor provided great real-life examples. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- I felt the material taught was concise, effective and well-organized. The writing on the board, helped us learn as we copied it down. That was a great highlight. On the flip side, the material really was too difficult to absorb in a once-a-week course. This course would significantly benefit from a twice a week class. Also, I wish there was a few easy homework. It seemed that test days were moments of significant stress even when the material was easy. A little homework would ease the pain. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)

24. With reference to technology, tutorial support, and the prerequisite for this course, if applicable, what changes would you suggest to the University to make this a better course?

- I think is all good, but there should be more room for improvement. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- Everything is good! I like this teaching method which he gave. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- I do not think technological should be introduced to this course for the most part. The instructor does well in explaining the material. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- no concerns (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- Every thing is good (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- Just take Biochemistry One because it is easier to transition (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- If interactive resources could be used to enhance the topic being discussed it would improve the students ability to connect what is being taught to what is occurring inside the body. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- Doing all good (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- Everything is very good (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- Provide 3D chemistry models (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- I have no suggest (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- start from the basic info (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- To make this a better course, I suggest that the instructor should have better whiteboard accessibility. (CHEM-5420-80-10232-Spring2013-VercruysseKoen)
- Just number of days the class was offered. It was always two classes, then a test. If we missed one day because of conferences or such, we missed half of the test material. Really a stressful schedule. Also, the whiteboards are not as clean as they could be. I feel there should be significant consideration to improve those. That is the quintessential piece of equipment every class uses everyday. The students would benefit in a deep cleaning or new whiteboards with better markers and erasers (CHEM-5420-80-10232-Spring2013-VercruysseKoen)

Please respond to the following questions:

23. What is the best thing the instructor did to help you learn, and what should the instructor improve in this course?

- He does illustration of structures and equations that motivate students to do same and well equipped for exams or quiz. He should elaborate more on terminologies in the lectures because explanations in lectures may not help some people. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- he was always connected what we elearn in the class to the real world (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- he shows animation videos and explain the main idea and points on each topic, and i suggest he recommend more good videos for students to watch. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- Instructor of this course is amazing professor i have ever seen. I want him to continue the way he teaches. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- I learned a lot form this course and I am satisfied taking this course. I loved the biochemistry course because of the instructor (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- Dr. V is very knowledgeable about the subject and is able to relate the course to other courses. I've taken him for several other courses and he does not disappoint. I feel that I take so much knowledge for his classes. He's well organized and clear about his instructions. No complaints at all about this instructor. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- The teacher explain everything in great detail. He have a a lot of patience when answering questions repeatedly. Great teacher. Explain everything so well a book is not needed. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- Dr. V is a very organized instructor. He teaches in a very clear and easy to understand manner. Best professor I've ever had. The only improvement would be to incorporate other ways of assessment such as research papers etc because not everyone is a good test taker. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- My instructor give us Feedback on our exams that was helpful and more importantly, he so knowledgeable of the course which help us to understand clearly. He treated all students with respect that helps us love his course. I am so proud to take Advance Biochemistry I and II with him. I have great knowledge right know and I enjoy in every class because of his explanations in those 2 course. I really appreciate his time for giving us this knowledge and support all time. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- Taking time to explain and relate the subject to personal daily living. Being able to answer more questions and not getting slightly offended if he seemingly is unable to (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- The tests (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- lecture and draw diagrams (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- Dr.V is amazing!!! He is very knowledgeable and obviously loves the field. I have absolutely no critiques! I only wish he was available for additional graduate chemistry courses! (CHEM-5420-80-10188-Sp16-VercruysseKoen)

- He takes his time to explain every question he's asked. Makes the difficult task so simple to comprehend. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- The exams are very difficult. I study every week for this class. I don't have time for my family and life because I have stress every week to memorize all the structures and i had to study entire semester for this class until last day of school. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- I like his way for the syllabus to divided every chapter with exam (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- Although this class is challenging, Dr. V explains thoroughly and states his expectations clearly. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- great explanation (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- he really did a good job explaining everything. he made it a lot easier for me to understand the materials. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- Power point presentations were good. (CHEM-5420-80-10188-Sp16-VercruysseKoen)

24. With reference to technology, tutorial support, and the prerequisite for this course, if applicable, what changes would you suggest to the University to make this a better course?

- Nothing (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- i think the course is ok just the way it is. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- No change (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- I wouldn't make any changes to this course. Dr. V is great professor. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- Provide more technology, simulations or practical workshops that can help stimulate the imaginations of the students for aid in better understanding of abstract biochemistry, pathway and/or mechanisms (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- The media system must be updated. (CHEM-5420-80-10188-Sp16-VercruysseKoen)
- Provision of magnetic chalk board and possibly touch screen. (CHEM-5420-80-10188-Sp16-VercruysseKoen)

Please respond to the following questions:

23. What is the best thing the instructor did to help you learn, and what should the instructor improve in this course?

- His knowledge in each topic is very vast and he is very good at explaining each topic thoroughly. I learned a lot about biochemistry through this course. (CHEM-5420-80-10164-Sp17-VercruyssenKoen)
- Dr. V is seriously one of TSU's finest. He is the complete package when it comes to a 3 hour session. He knows how to teach, but he also knows how to motivate. (CHEM-5420-80-10164-Sp17-VercruyssenKoen)
- I started reading textbooks again to gain more knowledge of the subject area. (CHEM-5420-80-10164-Sp17-VercruyssenKoen)
- Dr. V, is one of the only professors that care about his students. He was the only professor who sent out my letters of recommendation on time, if it wasn't for him I would not have been granted interviews this semester, In addition due to me being enrolled in a stupid statistics class this semester, my grades has slipped in biochemistry. Dr. V, has taken time out of his busy schedule to work with me and help me. He is the only one who cares. The professors in my department in biology, had me teaching lectures due to a sick faculty member, the entire department ignored my phone calls when i was begging them to find a PHD professor to fill in for lectures, they did not step in until i went to the dean of the school. Like I said, Dr. V this semester was the only teacher to even care about his graduate students. He is compassion and he knows the material very well. He is not afraid to sit with you and really help you, and for that I am forever grateful. Thank you. (CHEM-5420-80-10164-Sp17-VercruyssenKoen)

24. With reference to technology, tutorial support, and the prerequisite for this course, if applicable, what changes would you suggest to the University to make this a better course?

- May be some laboratory demonstrations can help better understanding some of the concepts. (CHEM-5420-80-10164-Sp17-VercruyssenKoen)
- No...He is absolutely perfect. Please don't let him change a thing. I just signed up for his advanced pharmacology class and I want the Dr. V that I have come to know and love! (CHEM-5420-80-10164-Sp17-VercruyssenKoen)
- May be provide free dry erase markers in each classroom. Because we need different colors for drawing cycles. (CHEM-5420-80-10164-Sp17-VercruyssenKoen)
- Nothing about the course needs to change. (CHEM-5420-80-10164-Sp17-VercruyssenKoen)
