How do I access my course?

TSU online courses (Section 98):	elearn.tnstate.edu
RODP online courses (Section R50):	elearn.rodpa.org

The Student Participation Survey.

Only students enrolled in TSU online courses (Section 98) need to complete the Student Participation Survey. A news item is posted in each course with directions for completing the survey. If a student cannot find the survey, it is likely because the course is not an online course; refer these students to their instructor.

I registered for the class, but my Course Link is Missing.

- Students will be able to access their elearn course(s) on the first day of class, Monday, August 24, 2015.
- If a student registered that day for a class, then their enrollment will be processed in the overnight batch run and the course will be there after 2:00AM. **OR**
- Faculty must have the course link activated in eLearn for student access. We have activated all of the courses that are part of the Book Bundling project; refer all other students to their instructor.
