

IDENTIFICATION AND ACCESS CONTROL CENTER

OFFICE OF EMERGENCY MANAGEMENT AND SUPPORT SERVICES

Welcome to the website of the Tennessee State University Identification and Access Control Center operated by the [Office of Emergency Management and Support Services](#). The TSU ID/Access Center serves as a focal point for all identity/access management activities at the university and provides general support for the various services connected to the TSU ID/Access Card. All students, faculty and staff of the university are required to obtain and wear an ID/Access card. The ID/Access card should be on your person and **VISIBLE** at all times while on campus. In addition to identification, the ID/Access card provides access to university housing, dining, recreational and academic facilities. The ID/Access card also provides admission to university sponsored events/activities (admission fee may apply) and can also be used to purchase goods and services at select locations on campus through the university's Declining Balance program.

The ID/Access Center is located on the main campus in Hankal Hall Room 108, and is open Monday - Friday from 8:30am - 4:00pm. You may contact the ID/Access Center by phone (615) 963-5311 or by e-mail: idcenter@tnstate.edu if you have any questions or concerns.
