

Research Methods  
AGSC 5110  
Homework #4 (20 points)  
Due: April 30, 2020

Blogging

Purpose:

1. This will allow for you to familiarize yourself with the process of blogging.
2. It is important to be able to communicate your findings and your knowledge with others.
3. It is important to understand this technology and use it efficiently.

Assignment:

1. Use the class blog site (<https://agsc5110methods.data.blog/>) to create at least two blog posts per month (2 in February, 2 in March, and 2 in April). To do this you will need to create a wordpress account and email me your username. Then I will make you an author on our class blog. Your posts can talk about the class, about your research, about things you have learned in other classes but must be written in first-person.... "Today I...", "I think that...". Do not get overly technical, these must be interesting to your readers. These blog posts should be at least 175 words and include at least one image.
2. Read other posts and engage with other classmates by leaving comments on their posts. Read and comment on at least two blog posts other than your own.
