

IT committee meeting minutes

Date & Time: 3pm - 4pm, March 18

Agenda:

- (1) Discuss some links to sites that faculty may appreciate.
- (2) Whom we should invite to come to our committee meeting.

Discussion and resolutions:

- (1) Megan suggested a list of possible useful links (see the attachment) for TSU senate website (based on MTSU with some additions: AABHE; APLU; WHIHBCU plus corrected links for some of the others). Some other links such as taaa-cref, partners health care, etc. can be also added.
- (2) The committee will invite a proper person from Ellucian (the company manages TSU's networks and other IT issues) to attend our meeting for getting mutual understanding with each other. Dr. Chen will first contact to Dr. Curtis Johnson to find out whom we should invite.
- (3) Dr. Chen is willing to update TSU senate website; however, she hasn't received the password for doing it yet. Also, it may take long time to get the materials from the senate.
