This benefit is paid based on your selected Critical Illness Benefit amount.

WHAT IS NOT COVERED, LIMITATIONS AND EXCLUSIONS, AND TERMS YOU NEED TO KNOW

If diagnosis occurs after the age of 70, half of the benefit is payable. This plan contains a 30-day Waiting Period. This means no benefits are payable for any insured who has been diagnosed before their coverage has been in force 30 days from their Effective Date. If an insured is first diagnosed during the Waiting Period, benefits for treatment of that Specified Critical Illness will apply only to loss commencing after 12 months from their Effective Date; or, at the Employee's option, they may elect to void the certificate from the beginning and receive a full refund of premium.

The date of diagnosis of a Specified Critical Illness must be separated from the date of diagnosis of a subsequent different Critical Illness by at least 6 months.

The applicable benefit amount will be paid if: the date of diagnosis is after the waiting period; the date of diagnosis occurs while the rider is in force; and the cause of the illness is not excluded by name or specific description.

Benefits will not be paid for loss due to: (1) Intentionally self-inflicted injury or action; (2) Suicide or attempted suicide while sane or insane; (3) Illegal activities or participation in an illegal occupation; (4) War, whether declared or undeclared, or military conflicts, participation in an insurrection or riot, civil commotion or state of belligerence; (5) Substance abuse; or (6) No benefits will be paid for diagnosis made outside the United States; (7) No benefits will be paid for loss which occurred prior to the Effective Date of this rider.

DEFINITIONS

Coma means a state of unconsciousness for 30 consecutive days with: (1) no reaction to external stimuli; (2) no reaction to internal needs; and (3) the use of life support systems.

Paralysis/Paralyzed means the permanent, total, and irreversible loss of muscle function or sensation to the whole of at least two limbs as a result of injury or disease and supported by neurological evidence.

Severe Burn/Severely Burned means cosmetic disfigurement of the surface of a body area not less than 35 square inches due to fire, heat, caustics, electricity, or radiation that is a full-thickness or third-degree burn, as determined by a physician. (A full-thickness or third-degree burn is the destruction of the skin through the entire thickness or depth of the dermis and possibly into underlying tissues, with loss of fluid and sometimes shock, by means of exposure to fire, heat, caustics, electricity, or radiation.)

Loss of Sight, Speech, or Hearing means: (1) Loss of Speech means the total and permanent loss of the ability to speak as the result of physical injury. (2) Loss of Hearing means the total and irreversible loss of hearing in both ears. Loss of Hearing that can be corrected by the use of any hearing aid or device shall not be considered an irrevocable loss. (3) Loss of Sight means the total and irreversible loss of all sight in both eyes.

Treatment means consultation, care, or services provided by a physician including diagnostic measures and taking prescribed drugs and medicines.
