AT TWO O'CLOCK IN THE AFTERNOON

Tennessee State University

NASHVILLE, TENNESSEE

Origin of Awarding Degrees

The first academic degree was conferred in approximately 1160 A.D. at the University of Bologna, Italy with the practice spreading quickly to other European universities, most notably the University of Paris, Oxford University, and Cambridge University. The procedure we use for awarding degrees at most American universities is based on a practice developed at the University of Paris in the late 12th or early 13th century. In those days the Bishop of Paris, like every other bishop, was responsible for local educational curriculum and degree setting. His authority, however, soon came to be disputed by the teachers. They asserted that only they could be proper judges of qualifications of their students. The threatened impasse was resolved by a compromise, under which the teachers, or masters, judged the merits of the students and then recommended them to the Bishop for the conferring of their degrees.

History of Tennessee State University

Historical Marker commemorating the establishment of Tennessee State University.

Tennessee State University is a comprehensive urban coeducational land-grant university founded in 1912 in Nashville, Tenn. The 450-acre main campus, with more than 65 buildings, is located in a residential setting; the Avon Williams Campus is located downtown, near the center of the Nashville business and government district.

Through successive stages, TSU has developed from a normal school for Negroes to its current status as a national university with students from 45 states and more than 50 countries.

By virtue of a 1909 Act of the General Assembly, the Agricultural and Industrial State Normal School was created, along with two other normal schools in the State of Tennessee, and began serving students on June 19, 1912. William Jasper Hale was appointed as head of the school. The original 247 students, along with the faculty and staff, operated as a family. Everyone worked to keep the institution running in its early years, from clearing rocks to harvesting crops to carrying chairs from class to class. In 1922, the institution was raised to the status of four-year teachers' college and was empowered to grant the bachelor's degree. The first degrees were granted in June 1924. During the same year, the institution became known as the Agricultural and Industrial State Normal College. In 1927, "Normal" was dropped from the name of the College.

The Floyd-Payne Campus Center (left) and the McWherter Administration Building (right).

As the college grew in scope and stature throughout the 1920s and 1930s, so too did its impressive roster of alumni who embodied the school's charge: "Enter to learn, go forth to serve." In 1943, when William Hale retired after more than 30 years at the school's helm, an alumnus was chosen to succeed him. From 1943 until his retirement in 1968, Walter S. Davis led the institution through an era of tremendous growth, in areas as multifaceted as academics, facilities and worldwide recognition. The General Assembly of 1941 authorized the State Board of Education to upgrade substantially the educational program of the College, which included the establishment of graduate studies leading to the master's degree. Graduate curricula were first offered in several branches of teacher education. The first master's degree was awarded by the College in June 1944.

Accreditation of the institution by the Southern Association of Colleges and Schools was first obtained in 1946. In August 1951, the institution was granted university status by approval of the State Board of Education. The reorganization of the institution's educational program included the establishment of the Graduate School, the School of Arts & Sciences, the School of Education and the School of Engineering. Provisions were also made for the later addition of other schools in agriculture, business and home economics.

On July 1, 1979, the former University of Tennessee at Nashville was merged with TSU as a result of a court order in the 1968 Geier v. Tennessee case.

In 1988, the university received an unprecedented $112 million from the state general assembly for capital improvements. Under this plan, nearly all buildings on campus have been renovated, and eight new buildings have been constructed, including the Floyd-Payne Campus Center, the Ned McWherter Administration Building, the Wilma Rudolph Residence Center and the Performing Arts Center. Currently, the downtown campus is undergoing an $18.5 million renovation project. Through its eight colleges and schools, the TSU of today offers 43 bachelor's degrees and 26 master's degrees, and awards doctoral degrees in six areas: biological sciences, computer information systems engineering, psychology, public administration, curriculum and instruction, and administration and supervision.

The university has been served by the following presidents:

William Jasper Hale	1912-1943
Walter S. Davis	1943-1968
Andrew P. Torrence	1968-1974
Frederick S. Humphries	1975-1985
Otis L. Floyd	(Interim) 1986-1987, 1987-1990
James A. Hefner	1991-2005
Melvin N. Johnson	2005-Present

From the President

Dear Tennessee State University Graduates,

On behalf of the entire TSU family, I congratulate you as you complete this milestone in your lives and launch into new endeavors. As graduates of Tennessee State University, you truly are prepared to go into the world and Think, Work, Serve, as our motto proclaims.

Remember what you have learned, both inside and outside of the classroom, as you have been working toward your degree. As you go forth to serve, allow the universe to be your best professor and look at every situation and encounter as an opportunity to learn and to provide solutions from the abundant knowledge you have acquired here at Tennessee State University.

You could say our world is full of challenges—war abroad in Iraq; terrorism at home and around the world; the building of nuclear weapons by nations who oppose democracy; natural disasters that totally destroy homes, schools, churches, lives. At TSU we educate students to know that challenges are opportunities in disguise. So the good news is Tennessee State University responds positively to those challenges. For example, our engineers have developed robots to detect danger in the battlefield and locate people in places where disaster has struck.

Now you are about to embark on many adventures, one of which is life as a graduate of Tennessee State University. Your alma mater needs your continued support. I encourage you to get involved with the alumni chapter in your city or region and to come back to campus to visit often, especially during Homecoming. Share your time, talent, and resources with your alma mater and let it continue to serve you through career planning and placement, social activities, and continuing education.

I wish you much success in the years ahead. First Lady Dr. Marcy Johnson and I are very proud of you; Tennessee State University is proud of you; and the world awaits you. Be well and do well.

Sincerely,

Melvin N. Johnson

Melvin N. Johnson
President

President's Theme
Building Bridges: Past · Present · Future

THE BRIDGE BUILDER

An old man, going a lone highway,
Came at the evening, cold and gray,
To a chasm, vast and deep and wide,
Through which was flowing a sullen tide.
The old man crossed in the twilight dim;
The sullen stream had no fears for him;
But he turned when safe on the other side,
And built a bridge to span the tide.

"Old man," said a fellow pilgrim near,
"You are wasting strength with building here;
Your journey will end with the ending day;
You never again must pass this way;
You have crossed the chasm, deep and wide,
Why build you the bridge at the eventide?"

The builder lifted his old gray head:
"Good friend, in the path I have come," he said,
"There followeth after me today
A youth whose feet must pass this way.
This chasm that has been naught to me
To that fair-haired youth may a pit-fall be,
He, too, must cross in the twilight dim;
Good friend, I am building the bridge for him."

Will Allen Dromgoole

Our Speaker

Kevin W. Williams

Speaker

President and Managing Director of General Motors, Mexico

Kevin W. Williams has been president and managing director of GM de México since August 1, 2006, reporting to Troy Clarke, GM group vice president and president, GM North America. He is also a member of the North America Strategy Board.

Previously, he served at GM de Mexico as assistant managing director and manufacturing manager, GM de México, in 2005, and as vice president of quality for GM North America from May 2003 through May 2005, reporting directly to Gary Cowger, GM group vice president and president of GM North America.

Prior assignments included positions as global executive director supplier quality at Warren, Michigan, since 2001; global executive director supplier quality, development, and supplier diversity for Worldwide Purchasing since 2000; and, from 1997 to 2000, executive director of supplier quality for GM Europe with responsibilities spanning 22 countries and 1500 employees.

Williams began his GM career in 1983 as a reliability analyst at Buick City in Flint, Michigan. In 1989, he became the general supervisor of production at the Lansing Craft Centre in Lansing, Michigan, and, in 1991, was appointed the program readiness manager for GM's EV1 electric vehicle program.

In 1993, he became a reliability engineer with the former North America Truck Group. In 1995, he became the assistant production superintendent at the Janesville Assembly Plant in Janesville, Wisconsin, and, in 1996, was promoted to area manager of general assembly.

Williams was born on September 27, 1961, and raised in Lexington Park, Maryland. He earned a bachelor's degree in business management from Tennessee State University in 1983 and a master's degree in business administration from Central Michigan University in 1989. In 2002, Williams completed the GM Senior Executive Development Program.

Williams is chairman of the Society of Automotive Engineers A *World in Motion* Advisory Committee.

Our Speaker

Joseph R. Cleveland

Speaker
CIO, Lockheed Martin Corporation and President of Lockheed Martin (EIS)
Recipient, Honorary Doctor of Humane Letters Degree

As CIO for the Lockheed Martin Corporation and President of Enterprise Information Systems(EIS), Joseph R. Cleveland is responsible for formulating the Corporation's information technology (IT) vision and strategy, consolidating IT resources, implementing e-commerce initiatives, leveraging economics of scale, and supporting other Lockheed Martin businesses in their pursuit of external IT opportunities. EIS is responsible for all internal information technology operations and services across the $25.5 billion Corporation.

Prior to the merger of Lockheed and Martin Marietta, Cleveland was Vice President and general manager of internal Information Systems for $11B Martin Marietta Corporation. Other positions include CIO & manager of Aerospace Information Technology for the $5B GE Aerospace Group. Cleveland began his GE career in 1970 as a member of the engineering department of GE Medical Systems and subsequently, held various positions of increasing responsibility, including manager of Systems Engineering and manager of Operations Design and Support. From 1982 to 1986, he held an international assignment as Managing Director of GE Medical Systems Operation, Radlett, England.

Background & Education:

Born in Shelbyville, Tennessee, Cleveland received his bachelor's degree in Electrical Engineering from Tennessee State University and has completed extensive technical, business and leadership development training throughout his career. Cleveland and his wife, Evelyn, reside in Orlando, Florida

Other Achievements & Affiliations:

- Elected Officer. Lockheed Martin Corporation
- Local and National Board Memberships
  - Southeastern Consortium for Minorities in Engineering (SECME), Board VP
  - Orlando Museum of Art Board of Trustees
  - Economic Development Commission of Mid-Florida
  - Greater Orlando (Florida) Chamber of Commerce Board of Governors
  - Heart of Florida United Way
  - Council for Opportunities in Education
  - Member of Governor's High Tech Council for the State of Florida
  - Howard University Board of Visitors for the School of Engineering
- Featured in numerous national trade publications for his concept on the "Virtual Expertise IT
- Organization", Centers of Excellence, and the major cost savings in "Corporate Merger" Environments.
- 1996 Black Engineer of the year for "Career Achievement - Industry" by Career Communications, Inc. & Engineering Deans of Historically Black Colleges and Universities.
- Chairman 1997 & 1998 Greater Orlando US Savings Bonds Colleges and Universities
- Officer of Macedonia Baptist Church, Eatonville, Florida

Motto:
Think ~ Work ~ Serve

Charge:
"Enter to learn, go forth to serve."

Alumni Induction Ceremony

President:	President Johnson, guests, members of the graduating class, ladies and gentlemen, we have a long history of promoting the progress of our alma mater, representing its image in a positive manner, serving as ambassadors to perpetuate its tradition by recruiting the most promising students, and giving of our time, service, and resources on behalf of the university while remembering our motto: Think, Work, Serve and our charge: "Enter to learn, go forth to serve." Candidates, please stand.
	Candidates, for what reason did you enter the university?
Graduates:	We entered to learn.
President:	For what reason do you depart?
Graduates:	We depart to serve.
President:	Candidates, I am honored to have the opportunity to confer upon you, the Spring Class of 2007, entrance into the Tennessee State University National Alumni Association. Candidates, would you please raise your right hands as I administer the induction oath.
	Do you now resolve that personally and collectively you will strive to meet the challenge of our traditions, our heritage, and give of your time, service, and resources?
Graduates:	We will.
President:	Do you consent to keeping your alma mater informed at all times of your new locations, professional successes and those of fellow alumni?
Graduates:	We will.
President:	Candidates, please read the Pledge in unison.
Graduates:	I hereby pledge to uphold the traditions and heritage of Tennessee State University while recruiting the best and brightest students to matriculate at my alma mater, and, always remember my alma mater by making financial contributions to the university and the National Alumni Association.
President:	By virtue of the power vested in me, I do hereby declare that you are members of the Tennessee State University National Alumni Association and bestow upon each of you membership for one year and receipt of the ALUMNI OUTREACH publication and other amenities. Congratulations on your achievement and continue to Think, Work, and Serve.

The Symbols of Office

The University Seal

In 1922, President William Jasper Hale, first president of Tennessee A. and I. Normal School, asked Frances Thompson, Professor and Department Head of Art, to design the University Seal. Enclosed in a circle, the seal is divided into three parts: Agriculture upper left, Industry upper right, Education in lower center. Education is further emphasized by a hand holding a light with rays extending above the seal. The motto, Think—Work—Serve, is placed beneath the seal for support.

Presidential Medallion and Chain of Office

The Presidential Medallion and Chain of Office serve as a symbol of authority as head of the university. It originated in medieval times and is worn by the President of the University on ceremonial occasions such as commencement, convocations, or other formal occasions.

The Medallion and Chain of Office, the first in the history of the University, was commissioned in 2005 by Dr. Melvin N. Johnson, the seventh president of the University. The front of the medallion bears the official University Seal.

The backside of the medallion was conceptualized by Dr. Johnson and artistically designed by Professor Carlyle Johnson, Department Head of Art. The seal is circular with a blue border bearing the President's motto in Latin: NIL SINE MAGNO LABORE – "Nothing without Great Effort." Encircling the inside base of the seal on a background of silver is President Johnson's trademark, which is a suspended bridge supported by three massive pillars with extended pinnacles symbolizing the institution's Past, Present, and Future. At the top center is the year that the institution was founded and at the bottom is the year that the Medallion and Chain of Office was conceived.

Each link of the chain holding the medallion is inscribed with the name of a past president of the institution and his term in office. Holding together these links and supporting the medallion is a bronze leaf cluster.

University Mace and Baton

In 2005, the mace and baton was conceptualized by Dr. Melvin N. Johnson and artistically designed by Professor Carlyle Johnson, Department Head of Art, with layout and logistical formatting provided by Dr. John Cade, Dean of Admissions and Records.

The Lapis stone characterizes the TSU Blue and is used to stimulate inner vision and give enhanced wisdom, insight, and good judgment. The pearl stone represents the TSU White and symbolizes the wealth, purity, and power of knowledge. The head and flanges of the mace are modeled after the Floyd-Payne Campus Center Tower located on the University's main campus. The reflective quality of the polished silver signifies the vision of the University.

The baton of the mace is made of wood which is a forest symbol or the symbol of a provider. It represents a tree of knowledge around which each college and school is mounted. This aspect of the mace serves to link the University with its cultural heritage, as well as TSU's ancestral past.

The three-tier stand for the mace embodies the motto: think, work, serve. This aspect of the mace constitutes the foundation of the university that holds the mace in place and represents the classical architectural structure of the educational values at the University. On top of the mace is the seal of the university.

Together, the mace and baton are borne as a symbol of authority in the Processional and Recessional at occasions such as commencement and inaugural ceremonies. The mace is carried by the University Chief Marshal in front of the Platform party that is composed of the President, Vice Presidents, Tennessee Board of Regents representatives, and other authorities, and distinguished guests.

The History of Academic Regalia

The history of academic dress began with the medieval European universities of the 14th century. In a time when all students were clerics, the gown and its attached hood served the dual function of keeping the student warm in unheated buildings and identifying the particular order to which he belonged.

Modern academic costume in the United States is based upon an intercollegiate code established in 1895. These early agreements have been revised periodically to cover standardization of the cap (two basic styles), the gown (three basic styles), and the hood (subject to greater variation than either the cap or the gown). The cap, originally round in shape, is usually the more familiar mortarboard square with tassel or black Oxford style.

The gown, commonly black, differs in sleeves and trimming according to the level of degree. The bachelor's gown is relatively simple in design. It is full-cut, falling in a straight line from an elaborate yoke, with long pointed sleeves as its distinguishing mark. The master's gown is similar to the bachelor's except for its peculiar arrangement of the oblong sleeves which terminate in square ends at the wearer's knees; the wearer's arms emerge through slits in the sleeves made at the elbows. Short-sleeved master's gowns are also worn. The doctoral gown is an elaborate, full-cut, flowing costume distinguished by velvet panels down the front and round the neck and by three bars of velvet on the voluminous bell-shaped sleeves. The velvet is usually black, but it may be a color designating the field of study (for example, dark blue for philosophy).

The hood, traditionally bearing the heaviest symbolic burden, is the most important feature of the academic costume. The length of the hood and the width of its velvet trimming designate the level of the degree. The hood's lining identifies the institution that granted the degree, and the color of the velvet heralds the major field of learning.

Colors

For all academic purposes, including trimmings of doctoral gowns, edging of hoods, and tassels of caps, the colors associated with the different disciplines are as follows:

Agriculture	Maize
Arts, Letters, Humanities	White
Commerce, Accounting, Business	Drab
Dentistry	Lilac
Economics	Cooper
Education	Light Blue
Engineering	Orange
Fine Arts including Architecture	Brown
Forestry	Russet
Journalism	Crimson
Home Economics	Maroon
Law	Purple
Library Science	Lemon
Medicine	Green
Music	Pink
Nursing	Apricot
Pharmacy	Olive Green
Philosophy	Blue
Physical Education	Sage
Public Administration	Peacock Blue
Public Health	Salmon Pink
Science	Golden Yellow
Social Work	Citron
Speech, Oratory	Silver-Gray
Theology, Divinity	Scarlet
Technology	Bright Red
Veterinary Science	Gray

Ms. Sylvia R. Russell
Col. Albert Hill
Ms. Michelle M. Viera
Dr. Robert Elliott
Dr. Helen R. Barrett
Mr. Tommie K. Smith
Ms. Delorse A. Lewis
Dr. Melvin N. Johnson
Dr. Shirley Wingfield
Ms. Linda S. Sparks

University Marshals

Gloria C. Johnson, Ph.D., Chief
Herman Beasley, Ed.D.
Gregory A. Clark, Ed.D.
Waldine DeBerry, MSW
Satinderpaul S. Devgan, Ph.D.
Lois Harlston, Ph.D.
William Hayslett, M.S.
Jesse C. James, Ed.D.
H. Clark Maddux, PH.D
Robert F. Newkirk, Ph.D.
Maximiano M. Rivera, Ph.D.
Catana R. Starks, Ed.D.
Carmelia Taylor, Ed.D.
Timothy Quain, Ph.D.
Xiaofei Wang, Ph.D.

Honors

Summa Cum Laude — A senior who has earned a grade point average of 3.75 or above.

Magna Cum Laude — A senior who has earned a grade point average of 3.50 to 3.74.

Cum Laude — A senior who has earned a grade point average of 3.25 to 3.49.

University Honors — A senior who has earned a grade point average of 3.25 or above and has fulfilled other requirements of the University Honors Program.

Candidates who have achieved honors in general scholarship are distinguished in procession by three-tassel gold braid cords.
Those being graduated with University Honors are distinguished by a scarlet braid cord with three gold tassels. The scarlet is symbolic of the University Honors Program; the gold, of general scholarship. The cords are provided by the University Honors Program.

Program Notes

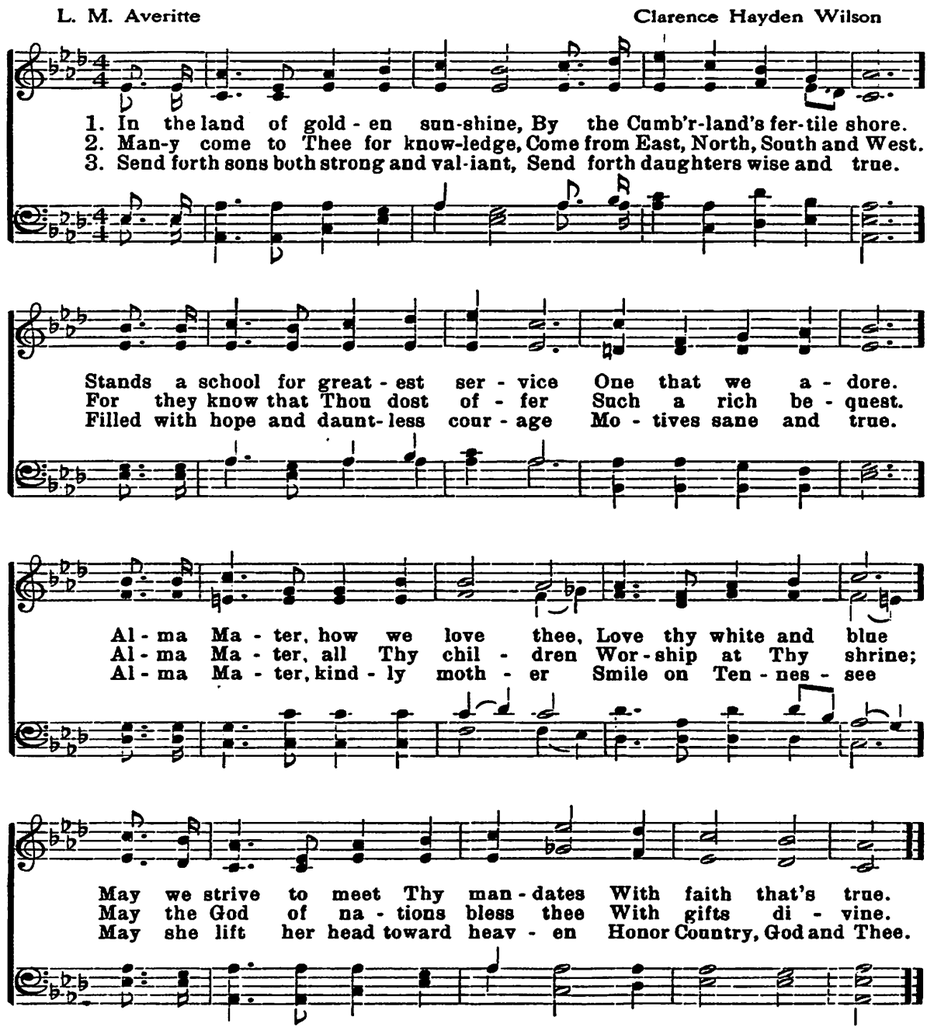
- Photographs: Guests are requested to refrain from taking photographs during the exercises.
- The audience is requested to remain seated during the Academic Procession and Recession.
- Main Floor Access: Please be reminded that no access to the main floor will be permitted during the commencement ceremonies.
- The assembly is requested to stand for the Alma Mater.
- An interpreter is provided by the university for hearing-impaired members of the audience. These guests should be seated near the front of the stage on the second level of the gym.
- This program is not an official graduation list. It lists students who were eligible to participate in the graduation ceremonies pending the outcome of final examinations and final grades. Therefore, it should not be used to determine a student's academic or degree status.
- Candidates: Any display of disruptive behaviors--stumping, dancing, etc.--on stage will not be tolerated. No talking on cell phones. All phones must be turned off! Once lined up, candidates must not leave the processional for any reason. Failure to comply with these University rules will necessitate the removal of the graduate from the ceremony, withholding diploma, and other possible consequences.
- Audience: Please turn off cell phones, keep the noise level to a minimum, and do not display behaviors that disrupt the ceremony (bull horns, signs, whistles are prohibited).

Fast Facts about Tennessee State University

- TSU has more than 9,000 students, from almost every state and more than 50 countries.
- TSU engineers have developed new robots that are being used to sweep for mines and save soldiers' lives in the battlefield. Another application is detecting life during earthquakes, floods, and other civil disasters.
- TSU has added a new Pilot Center of Academic Excellence for Intelligence Studies, one of only four in the nation, which will prepare students to work in such agencies as the CIA, FBI, Homeland Security, and all branches of the military. This program also will allow students to study abroad; recent studies have been in China, South Africa, Australia, and Central and Eastern Europe.
- TSU astronomer Greg Henry, who was on an international team discovering the first planet outside our solar system, last year helped discover a planet with a solid core, which may show us how Earth was formed.
- In recent years, TSU has built nine new facilities and renovated every existing structure on campus. Our newest building is a $10 million Research and Sponsored Programs building, which will house a biotechnology and nanoscience laboratory and serve as the locus of a future research complex. A $23.5 million renovation, our downtown Nashville campus will soon feature a mock stock trading room and other innovations that will enable students to gain first-hand Wall Street experience.
- Tennessee State University has experienced an explosion in sponsored research in recent years, more than $30 million annually, making the University a leading institution in the state of Tennessee for research funding. The University has established a Center for Neural Engineering, a Center for Automated Space Science, and a myriad of other programs through sponsored research funding.
- Tennessee State University is an economic powerhouse. According to TSU's Office of Business and Economic Research, the University had an economic impact on the greater Nashville area of nearly $500 million in 2001-2002. TSU created more than 9,000 jobs and attracted visitors who spent $42.4 million.
- Tennessee State University's Business Incubation Center has launched numerous small businesses in Tennessee, including Christie Cookies, which continues to thrive in the retail, mail order, and wholesale markets.
- The University offers a full range of bachelor's and master's degrees and awards doctoral degrees in seven areas: biological sciences, computer information systems engineering, psychology, public administration, curriculum and instruction, and administration and supervision.
- Tennessee State University is home to two centers of excellence: the Center of Excellence for Research and Policy on Basic Skills and the Center of Excellence for Information Systems Engineering and Management. TSU is also home to the Samuel P. Massie Chair of Environmental Engineering, funded by the U.S. Department of Energy.

Alma Mater

L. M. Averitte — Clarence Hayden Wilson



STATEMENT OF AFFIRMATIVE ACTION

Tennessee State University: A Tennessee Board of Regents Institution. TSU is an equal opportunity, affirmative action institution committed to educating a non-racially identifiable student body.
