**TWELFTH ANNUAL SUMMER SCHOOL
ANNOUNCEMENT**

The Tennessee Agricultural and Industrial State Normal School will hold its twelfth annual Summer Session beginning Tuesday, June 5, and ending Friday, July 13, 1923.

The Summer School is a very vital part of the work of this institution, serving as it does the teaching and other professional activities of the entire state of Tennessee. We teach the teachers of the future citizens of our country, so that our influence is felt in every community of the State.

Some Reasons Why You Should Attend

1. To acquire more knowledge of the subjects you are teaching.
2. To acquire more skill in teaching.
3. To acquaint yourself with the latest ideas and methods in teaching.
4. To become acquainted with other educators and to profit by their experiences.
5. To renew your certificates.
6. To earn credits toward graduation.
7. To gain teachers' certificates and be exempt from the State Examinations.
8. To gain inspiration to carry back to your community.
9. To learn more of State Normal and to induce others to attend.
10. To help you make the world a better place in which to live.

11. To increase your earning capacity.

12. To secure credits toward A. B. and B. S. degrees.

Special Lecturers

Our Summer School session will be greatly enriched by the specialists who will come to us to speak on the various phases of educational work. Among the many institutions which will be represented are Fisk University, Meharry Medical College, Peabody College for Teachers, Vanderbilt University, the City and State Health Departments, Members of the State and Federal Vocational Boards, Federal and State Departments of Education, University of Tennessee Agriculture, Home Economics, and Extension Departments, Carnegie Library and others in important fields of activity.

BUILDINGS AND EQUIPMENT

Administration

This building contains the administrative offices, class rooms and laboratories.

Home Economics

This is the home of the Sewing, Dressmaking, Tailoring, Domestic Science, Housekeeping, and Commercial Departments and also of the new Dining Hall with comfortable seating capacity of over 600 people.

The Trades Building

This contains the Departments of Steam and Electrical Engineering, Carpentry, Cabinet Making, Brickmasonry, Laundry, Auto Mechanics, Garage, Shoemaking, Printing, and the Gymnasium. All have modern conveniences for effective work.

The New Dormitories

These are three story structures with well lighted and ventilated rooms. Each dormitory contains three sitting rooms, shower and tub baths, ice-cooled drinking fountains, pianos, electric lights, and laundry, and will accommodate all the teachers of the Summer School.

What to Bring

Students furnish the following articles for dormitory rooms: two clothes hangers, one pillow, two pillow cases two pairs of sheets, one blanket, one bedspread, three table napkins, one napkin ring, two towels, toilet articles. Also bring any record of work done in other institutions that you may be properly classified.

How to Reach State Normal

Take any street car going to the Transfer Station and from here board a Jefferson St. car. We are located a few minutes walk from the end of the line.

To insure safe delivery of baggage, surrender claim check to State Normal representative or hold it until you reach the school. Be sure your name and east or west dormitory and room number are on each piece of baggage.

How to Enter School

1. Send money order for \$3.00 to pay for room reservation when applying. No other charge for room rent.
2. Fill out a questionnaire and two registration cards in the Registrar's Office.
3. Pay for room and leave baggage check.
4. Secure room assignment in Main Office.
5. Secure classification in the Registrar's Office.
6. Go to classes as assigned on cards.

Expenses

Tuition free to Tennessee students.

\$3.00 Registration Fee for all students.

\$3.00 for Room Rent for entire session.

Students rooming on the campus are charged ten cents per meal for board on a Cafeteria plan or a total of \$12.00 for the six weeks. Meals costing over ten cents must be paid in cash at time of ordering.

\$1.00 trunk delivery from and to the station.

\$19.00 total minimum entrance expenses for boarders.

\$4.00 cost of Normal Diploma.

\$1.00 Cost of Normal Certificate, Industrial Certificate, or Industrial Diploma.

\$2.00 fee for laboratory courses. This is returned if no material is broken.

Teachers' Certificates renewed, lectures, entertainments, recitals, movis, etc., free of charge.

Reduced rates on all railroads requested.

Special Meetings

The State Educational Conference will hold its sessions here beginning Wednesday, July 11.

There will be a conference of Smith-Hughes Workers in Agriculture and Home Economics during the Summer School Session.

The University of Tennessee Extension Department will hold its Conference here during the Summer School.

The State Inter-Racial Congress will hold its Third Annual Session on Thursday, July 12, at the State Normal School.

Several other bodies will hold their annual conventions at the School during this Summer School.

SUBJECTS TAUGHT

Elementary Reviews

| | |
|----------------------------------|-------------------|
| Arithmetic | Tennessee History |
| Reading | Spelling |
| S. History | Geography |
| Grammar | Primary Education |
| Physiology | |
| Theory and Practice of Education | |

These courses prepare for State Examinations.

First and Second Year High School

| | |
|---------------------|-----------------|
| Beginner's Algebra | Civics |
| Advanced Algebra | General Science |
| General History | Biology |
| Beginner's Rhetoric | Music |
| Advanced Rhetoric | |

Third and Fourth Year High School

| | |
|----------------------|---------------------|
| Beginner's Physics | American Literature |
| Advanced Physics | Business English I |
| Plane Geometry | Business English II |
| Beginner's Chemistry | English Literature |
| Advanced Chemistry | |

Normal

| | |
|---------------------------|--------------------------|
| History of Education | Kindergarten Methods |
| Child Study | High School Methods |
| Primary Methods | Public School Literature |
| College Rhetoric | Expression |
| Classics | Negro History |
| Dramatic Art | Political Science |
| Economics | Zoology |
| Rural Sociology | Educational Psychology |
| Elementary School Methods | |

College

| | |
|--------------------|---------------------|
| Advanced Rhetoric | Sociology |
| European History | Classics |
| Advanced Chemistry | Advanced Expression |
| Advanced Physics | Public Speaking |
| Vertebrate Zoology | Journalism |
| French | Advanced Music |
| Latin | Ethics |
| College Chemistry | College Physics |

Agriculture

| | |
|------------------------|-----------------|
| Home Gardening | Floriculture |
| Schol Gardening | Horticulture |
| Vocational Agriculture | Poultry Raising |
| Animal Husbandry | Dairying |
| Plant Husbandry | Plant Diseases |
| Landscaping | Animal Diseases |

These courses qualify for Smith-Hughes and Smith-Lever employment.

Business

| | |
|---------------------|----------------|
| Typewriting | Stenography |
| Office Theory | Mimeographing |
| Office Practice | Adding Machine |
| Business English | Penmanship |
| Business Arithmetic | Bookkeeping |

Completion of these courses qualifies for Business, Clerical, Civil Service, or Teaching positions.

Plain Sewing

| | |
|----------------------|-----------------------|
| Cotton Textiles | Embroidery |
| Hand Sewing Stitches | Laces |
| Sewing Machine Meth. | Hygiene of Clothing |
| Measurements | Pattern Study |
| Primary Work | Plain Garments |
| Drafting | Model Lesson Planning |

Dressmaking

| | |
|----------------------------|---|
| Measurements | Designing |
| Drafting | Study of Figures |
| Color Blending | Fitting |
| Judging Materials | Furs |
| Cutting | Velvets |
| Construction and Finishing | Clothes and Accessories for All Occasions |

Tailoring

| | |
|--------------------|--------------|
| Study of Materials | Measurements |
| Trimming | Lines |
| Designing | Fitting |
| Carriage | Styles |

Millinery

| | |
|-----------------|--------------------|
| Drafting | Buckram Framing |
| Color Blending | Wire Framing |
| Feather Curling | Buying and Selling |
| Shop Management | Study of Styles |

Domestic Science

| | |
|-------------------------|----------------------|
| Classification of Foods | Planning of Meals |
| Food Preservation | Preparation of Meals |
| Home Management | Serving Meals |
| Methods in Teaching | Home Nursing |
| Chemistry of Foods | First Aid |

Handicraft

| | |
|----------------------|-----------------|
| Reed Work | Fancy Work |
| Shuck Work | Crocheting |
| Mats | Knitting |
| Napkin Rings | Weaving |
| Kindergarten Methods | Primary Methods |

Manual Arts

| | |
|-----------------|----------------------|
| Home Decoration | Primary Construction |
| Drawing | Clay Modelling |
| Sketching | Papier Mache |
| Painting | Plaster of Paris |
| Lettering | School Decoration |
| Sign Painting | |

Mechanical Industries

| | |
|------------------------|------------------|
| Brommaking | Blacksmithing ✓ |
| Mattress Making | Auto Mechanics ✓ |
| Chair Caning | Carpentry ✓ |
| Mechanical Engineering | Cabinet Making ✓ |

Shoemaking /

| | |
|----------------------|-----------------|
| Theory of Drafting | Cutting |
| Practice of Drafting | Fitting |
| Measuring | Assembling |
| Repairing | Shop Management |

Music

| | |
|-------------------------|-----------------|
| Beginners Public School | Vocal |
| Advanced Public School | Piano |
| Chorus Theory | Chorus Practice |

Physical Training

| | |
|---------------------|------------------------|
| Dumb Bell Drills | Marches |
| Indian Club Drills | Setting-up Exercises |
| Sweedish Gymnastics | Playground Theory |
| Indoor Games | Playground Practice |
| Outdoor Games | Playground Supervision |

GRADUATION

Weeks of Attendance

To finish the Academic, Normal, or College Departments, one must attend the State Normal at least 36 weeks.

Normal Certificate

Those who have completed the subjects of the High School Groups are granted the State Normal Certificate, formerly called Academic Certificate.

Normal Diploma

Those who have completed a First Class Four Year High School and have done the equivalent of 72 weeks of work in the Normal Department are granted the State Normal Diploma.

College Degrees

Those who have finished the equivalent of Four years work above a First Class Four Year High School either in the Normal or College Departments are granted degrees of Bachelor of Arts or Bachelor of Science.

Graduates of our Normal Courses may therefore qualify for degrees by two years of additional work in the College Department.

Special Departmental Certificates

Those who complete the required number of jobs or pieces in any special department, such as Plain Sewing, Auto Mechanics, etc., are granted a Special Departmental Certificate.

Teachers Certificates

Graduates of the Academic or High School Department are granted First Class Elementary Certificates to teach in any Elementary School.

Graduates of the Normal Department are granted First Class High School Certificates to teach in any High School of First Class.

Validated Certificates

Teachers Certificates granted by the Normals of Tennessee are recognized by other states. Consequently we have a large number of out of state teachers who avail themselves of this great opportunity offered by the Tennessee Normals.

Renewal of Teachers' Certificates

First Grade Certificates may be made permanent upon completion of two years of successful teaching.

Second Grade Certificates may be renewed for two years, provided the holder attends Summer School six weeks during the two years following the date of issuance,

and does satisfactory work in at least three accredited courses.

WEST TENNESSEE

The Summer Session of 1923 will be remarkable in that there will be represented an unusually large number of teachers from the western part of the state. East and Middle Tennessee have heretofore taken the lead in the matter of large numbers, but West Tennessee, influenced largely by new school administrations, is catching the spirit of Normal, and will crowd the other sections for attendance honors.

A recent canvass of the counties of the West shows that practically every school in that section will be represented in our Summer School; in many cases a 100 per cent attendance will be recorded. A careful study of some of the other causes for this unusual interest in summer school attendance reveals the fact that the State Normal Clubs are doing wonderful pioneer work in West Tennessee. Particularly is this true in Shelby County where a large portion of the teachers are Normalites. At a recent get-together banquet, the members pledged whole hearted support to the cause of normal,

The spirit of this club is permeating very rapidly to every nook and corner not only in West Tennessee, but its influence is manifest in every section of the state.

At the annual Congress of West Tennessee Teachers which has just closed its sessions in Ripley, Pres. W. J. Hale of the Normal was one of the principal speakers. His coming to West Tennessee was well received, as the Normal club had heralded and prepared the way for his triumphal entry into the heart of what has at times seemed an indifferent State Normal environment. Representatives of the Extension Department of the school have also visited this section and a large amount of information thru talks and literature has been broadcasted. Many of the remoter corners of the section, untouched by contact with Normal products, have thus directly or indirectly become acquainted with what the State Normal is doing for the people of Tennessee
