

Office of Student Conduct/Mediation Services

Greetings,

It is with great pleasure that I welcome you to our website at Tennessee State University, “Big Blue Country.” It is our desire that these pages will serve as a valuable tool for you. The Office of Student Conduct and Mediation Services plays a vital role in the Tennessee State University campus community by offering a full range of services to assist and counsel students in resolving their disputes and conflicts in a way that facilitates individual responsibility and contributes to their personal growth and development.

As the Dean of Students and Chief Judicial Officer I work collaboratively with students, faculty and staff to oversee and provide disciplinary guidance.

Thank you for visiting our website!

Sincerely,

Peggy Earnest
Dean of Students/Chief Judicial Officer
