615-277-1668

Major:

Chemistry

M.S. Chemistry	Tennessee State University	May 9, 2009
B.S. Biochemistry	Tennessee State University	May 5, 2007

Rank: Research Assistant

Long-term goals:

In the future, I plan on getting a Ph. D. in Food Sciences/Nutrition at either University of Maryland or University of California Davis. This will provide the training and background needed for a position as a R&D Senior Food Chemist. I would ultimately like to work for a company such as Coca-Cola or PepsiCo.

Personal interests:

Food and Cosmetic Industry, Reading, and Watching Movies.

What you hope to gain from the team:

I hope to gain more analytical instrumentation skills and become proficient on the x-ray diffractometer (XRD) and the atomic force microscope (AFM). In addition, I want to enhance my background knowledge on the dynamic light scattering (DLS) and inductively coupled plasma optical emission spectrometer (ICP-OES).

Experience:

• RESEARCH AND SPONSORED PROGRAMS	Nashville, Tennessee
Research Assistant	06/09 – Present
• TRIO PROGRAM	Nashville, Tennessee
Academic Advisor	11/08 – 05/09
• TENNESSEE STATE UNIVERSITY	Nashville, Tennessee
Chemistry Laboratory Technician	8/07 – 9/08
• UNIVERSITY OF TENNESSEE MEMPHIS	Memphis, Tennessee
Summer Research Intern	05/05 - 07/06

Honors:

- University Dean's List
- Phi Kappa Phi Honor Society
- Golden Key Honor Society

2003 – 2009
2008
2007
