A student may be required, during the course of the program, to demonstrate their physical and/or emotional fitness to meet the essential requirements of our program. Such requirements may include, but not limited to, freedom from communicable disease, the ability to perform certain physical tasks and suitable emotional fitness.

Any appraisal measures used to determine such physical and/or emotional fitness will be in compliance with Section 504 of the Rehabilitation Act of 1973 and the American with Disabilities Act of 1990, so as not to discriminate against any individual on the basis of handicap.

(If accepted into the program):

Criminal background checks and drug screens may be a requirement for placement at some affiliated clinical sites.
