

Abstract submissions for the 6th National Small Farm Conference

The application deadline for submitting conference abstracts closed on February 29th. We have received and considered excellent submissions, 180 abstracts at this time. To fill the voids in topic areas, we will only accept and consider abstract submissions based on quality of content and space availability in the following areas:

- | | |
|--|---|
| <ul style="list-style-type: none">• Food safety,• Processing facilities,• Slaughter facilities,• Transportation and distribution,• Community supported agriculture,• Agritourism,• Aquaculture,• High tunnel/season extenders,• Developing cooperatives,• Fiber and biofuel crops,• Non-traditional and emerging crops | <ul style="list-style-type: none">• Urban farming,• Working with immigrant farmers,• Farm workers,• Value-added agriculture,• Cultural communication,• Technology adoption,• Serving unserved and underserved farmers,• Effective program delivery,• Debt management and• Financial crisis.. |
|--|---|

We are also seeking submissions for exhibit displays (at no additional cost), success stories, and poster paper presentations. Abstract submissions for presentation considerations can be sent to shaile@tnstate.edu in MS-word format only using the [template](#).
