# KIPP:Forward

KIPP Forward supports KIPP high school students and alumni in developing the tools and knowledge needed to pursue a career of highest aspiration and follow their dreams. In high school, students explore different career paths and work with the KIPP Forward team to determine the best path forward to reaching their career goals.

The KIPP Forward team helps students and families through the college application and financial aid process.

Each student is assigned a Persistence Counselor who maintains a relationship with them after high school to help them navigate their pathway, whether that is college, going straight into a career or joining the military.

KIPP Nashville graduates become a part of the National KIPP Alumni Network, which connects alumni from around the country, provides resources to elevate their careers, mentors in their respective fields, and much more.

## WHERE OUR ALUMNI ATTEND

*"I love KIPP! It feels like family, not just a place where you drop off your kids for school. The teachers care about my son's education, wellbeing and feelings. They are pushing my son to be the best that makes sense for him, not what makes sense for everyone else. I also love how KIPP talks about college and how they are preparing our children for college, because the foundation starts early. I'm so glad we found this school. It truly is a Team and Family."*
