Occupational Licensure Preparation Program

Email Address: teachercertification@tnstate.edu

Tennessee State University offers a preparation program for any Tennessee instructor seeking the Practitioner Occupational Teacher License. The process for an Occupational License is described below.

Requirements for Initial License

The initial license is the Practitioner Occupational License. To qualify for the initial license, the candidate must:

- Hold a high school diploma or higher (Health Science endorsements require an Associate's Degree);
- Have worked in their field for a minimum of **five years** in the last 8 years. If the candidate has a Bachelor's Degree or higher, the work experience is one year;
- The candidate must be admitted to or completed an approved preparation program, such as the Educator Preparation Program at Tennessee State University;
- Cosmetology teachers must hold a current Tennessee Cosmetology Instructors License (Issued by the State Board of Cosmetology – this is not the teaching license);
- Health Science teachers must hold a current license, registration or certification in an allied health field issued/verified by the Tennessee Department of Health Licensure or a national license accreditation agency; and,
- Have been offered and accepted a teaching position by a Local Education Agency.

Note: Work experience and certification are verified by the TN Department of Education, not by the university.

➤ **Step 1**

Candidates must submit the required documents to the State of Tennessee Department of Education through TNCompass (<https://www.tncompass.org/Account/Login?ReturnUrl=%2f>);

The documents include the following forms:

- Transcripts from high school and beyond, if appropriate;
- Appropriate license (for Health Science or Cosmetology only);
- Letter of Intent to Hire;
- Occupational License Application (also send a copy to teachercertification@tnstate.edu);
- Occupational License Qualification Sheet; and,
- Occupational License Work Experience Form.

➤ **Step 2**

Candidates must **simultaneously apply to the university by doing the following:**

- Decide if they want Undergrad or Graduate classes.
- Go to this website: http://www.tnstate.edu/academic_programs/apply.aspx;
- Click on First time user account creation, if not a TSU employee.
- Select desired level: Most of candidates will want to simply take the classes needed to advance license. Therefore, most will select **Undergrad Non Degree**. If interested in a Bachelor's Degree and have taken college classes somewhere else, candidates would choose **Undergraduate First-Time Transfer**; otherwise, select **Undergraduate First-Time Freshman**. For Graduate classes enter **Web Graduate Application**.
- Follow the steps to fill out the application.
- Transcripts must be submitted for the application to be complete.
- The application will not be processed until the required fee is paid.
- A PDF copy of candidates Tennessee driver's license must be included.

➤ **Step 3**

Candidates must complete the Tennessee State University Occupational Licensure Preparation Program Form (see below) and **submit in PDF format (no photo) via email to teachercertification@tnstate.edu**.

➤ **Step 4**

The Practitioner's time period is designated as three years from the awarding of the Practitioner's Occupational License to advance. **All licenses expire on August 31st of the expiration year.** To progress from initial licensure to professional status, the new teacher has to meet several benchmarks:

- Three years of experience with positive local evaluations;
- The recommendation of the Director of Schools;
- **Completion of an approved preparation program;**
- Attendance of the five-day new teacher training sponsored by the TN Department of Education;
- Four days of release time to observe three experienced teachers in their endorsement area and one experienced teacher outside of the endorsement area (high school instructors are permitted to observe TCAT instructors in their field);
- Assignment of a mentor for the first three years of teaching; and,
- Current and valid Industry certification where required by the endorsement area.
