SCHOOL OF GRADUATE & PROFESSIONAL STUDIES

Tennessee State University is a public, co-educational, land-grant institution established by the State Legislature in 1909 as the Agricultural and Industrial Normal School for Negroes. Through successive steps, the Normal School developed into a fully accredited multi-racial land-grant University with both daytime and evening classes.

In 1941 the education program of the institution was expanded to include the establishment of graduate studies leading to the first awarded Master's degree in 1944. In 1946, the Southern Association of Colleges and Schools accredited the institution. The State Board of Education granted the college university status in 1951, and the University became a land-grant University in 1958. In July 1969, the current name - **Tennessee State University** - was adopted.

Tennessee State University offers thirty-two master's degrees, one education eight doctoral degrees, and thirty graduate certificate programs at the graduate level.

GOALS OF THE SCHOOL OF GRADUATE STUDIES AND RESEARCH

1. Facilitate operational efficiency, communication, and engagement among internal and external audiences of the School of Graduate and Professional Studies.
2. Maintain a post-graduate population of at least 25% of total university enrollment by providing services and support in recruitment and retention strategies within the colleges.
3. Identify and invest resources to support the colleges in enhancing their post-graduate education programs and services.
4. Provide services and support to assist the colleges in continuously improving the quality and reputation of post-graduate programs and services.
5. Advocate for the continuous vitality of post-graduate programs and services to remain mission-centric to the University and its stakeholders.
6. Identify, coordinate, support, and offer post-graduate professional preparation programs, services, and certificates for educational and industry leaders.

ADMINISTRATION OF THE GRADUATE PROGRAMS (2023-2026 Graduate Catalog)

The Dean of the School of Graduate and Professional Studies is the administrative officer for all graduate programs and is responsible to the Vice President for Academic Affairs.

The Graduate Council is the advisory body for the Graduate School. The members are graduate faculty elected by the graduate faculty in departments or academic units offering graduate degrees, the Dean of the Library, and the Graduate Dean. Additionally, the Graduate Dean serves as the chairperson for the Graduate Council meetings.

The Graduate Council has four standing committees: Appeals and Petitions, Curriculum Course and Program Review, Graduate Faculty Membership Committee, and Policies and Procedures. The Appeals and Petitions Committee reviews the appeals and petitions submitted by students that have been routed to the student's advisor, department chair, and college dean. Student appeals are filed for readmission after graduate suspension. Student petitions are filed for time extensions as a matter of retention when the timeline to complete the degree is nearing expiration. The Curriculum Course and Program Review Committee reviews and makes (1) recommendations on course additions, deletions, and modifications and (2) programmatic proposals, modifications, admissions standards, and retention policies. The curricular proposals are evaluated via the university's online curriculum approval system. Additionally, this committee supports the Dean of the Graduate School in preparing and updating revisions of the Graduate Catalog. The Graduate Faculty Membership Committee reviews and evaluates credentials of faculty recommended for membership with the support of the department chair and college dean. The levels of graduate faculty membership range from adjunct, to new faculty and faculty seeking recertification are detailed in subsequent sections of this handbook. The Policies and Procedures Committee reviews all proposed actions pertaining to policies and procedures guiding the operations of the Graduate School. Any policy and procedure modification or new policy and procedure must be approved for recommendation by the Graduate Council and submitted to the Vice President for Academic Affairs for approval.

The graduate coordinator for each college, department, or program is the general advisor for students in the department. A student may be assigned a specific advisor by the graduate coordinator based on the major and concentration. The graduate coordinator is responsible for evaluating the student's credentials as submitted in the application process. Decisions to accept or not accept are made by the graduate coordinator using one of the following: a) accept and recommend admission unconditionally, b) accept and recommend admission with conditions that are stated specifically and inclusive of prerequisites, c) not accept based on the applicant's credentials do not meet the minimum requirements for acceptance. The graduate coordinator notifies the Graduate School of the college, department, or program decisions. The Graduate School reviews and verifies the recommendation prior to sending an official letter of admission signed by the Dean of the Graduate School.

NOTE: while the assigned program advisor guides the student's academic progress, it is the responsibility of the student to observe all regulations to meet the requirements for completing the degree. Graduate students can access the Banner Application - Degree Works available through the myTSU portal to check progress toward degree completion.

GRADUATE FACULTY

POLICY ON FULL GRADUATE FACULTY MEMBERSHIP

Criteria for Certification to the Graduate Faculty

This document establishes criteria for certification of all regular full-time faculty (tenured, tenure-track, research, non-tenure-track, and adjunct) and administrators holding faculty rank.

Because membership to the TSU graduate faculty demands knowledge of current scholarship in teaching fields and because continuing professional activity is a distinct part of a faculty member's work at the University, the criteria below must be met to attain and retain active graduate faculty status.

FULL MEMBERSHIP

These criteria apply to regular faculty (tenured or tenure-track) and research faculty with at least three (3) years graduate faculty experience in higher education.

Requirements for Consideration

- I. Must hold the terminal degree in the teaching field. If the terminal degree is not a doctorate in that field, *the applicant must present evidence* that the degree is considered terminal or sufficient by the discipline.
- II. Must be recommended by the department chair and the college dean.
- III. Must satisfy criteria A and B below:

A. Scholarly Teaching

1. Should have been involved in graduate level teaching or serving on dissertation/thesis/project committees (must satisfy at least one of the following two criteria):
 - a. Have taught one graduate level course, **or**
 - b. Have served on two (2) thesis or project committees or one (1) dissertation committee seen through to completion.

B. Publications/Presentations/Research/Other Professional Activities

Applicant must satisfy at least one of the following four requirements:

1. Publications: Within the last three (3) years the applicant must:

- a. Have published a scholarly book requiring independent review, or
- b. Have published one (1) article or essay in a peer-reviewed academic journal, or
- c. Edited a book or contributed a chapter to a book, or
- d. Published three book reviews in a peer-reviewed academic journal.

2. Artistic Presentation/Product Design/Conference Papers Presentation includes both public performance and the presentation of scholarly papers at professional meetings. Within the last three (3) years the applicant must:

- a. Have created at least one (1) original work for presentation or performance or a product designed and exhibited on an international, national, regional, or state level. The submitted activity must have been subject to external (off campus) review and be equivalent in contribution and rigor to the publication criteria defined above, **OR**
- b. Have presented a scholarly conference paper at least one (1) international, national or at least two (2) regional or state conferences. The submitted activity must have been subject to external (off campus) review and be equivalent in contribution and rigor to the publication criteria defined above.

3. External Grant Funding: Within the last three (3) years the applicant must:

Provide evidence of externally funded grant award(s). Funding agency, grant amount, and active grant funding period must be specified.

4. Research/Other Professional Activities

Other research or professional activities must be equivalent in contribution, rigor, and peer reviewed as publication criteria defined above as determined by the Graduate Council. The burden of evidence rests upon the applicant to prove that the contribution, rigor, and peer-reviewed status of the research, product design, or scholarly activity meet the criteria. Evidence of acquired clinical expertise or advanced practice national certification is also acceptable.

IV. Must be approved by the Graduate Council.

V. Must be approved by the Dean of the Graduate School

VI. Must be certified by the Vice President of Academic Affairs.

APPLICATION FOR FULL GRADUATE FACULTY MEMBERSHIP

POLICY ON CERTIFICATION OF ASSOCIATE GRADUATE FACULTY

There are two types of Associate Memberships:

Level 1 Associate membership is available for **newly hired** tenure track or research faculty in Departments having graduate programs, who hold the terminal degree with fewer than three years graduate teaching experience. Newly hired tenure track or research faculty holding the terminal degree will automatically be approved for Associate membership upon submission of the application. Initially appointed Associate members are expected to satisfy credentials that warrant Full membership at the end of three years. However, Associate members seeking to renew their initial certification to the Graduate Faculty may apply for one additional three year certification as an Associate member.

The application for renewal must be accompanied by a letter from the department chair addressing the applicant's teaching effectiveness in the graduate program and indicating the applicant's progress toward attaining Full membership.

Level 2 Associate membership is also available for faculty having held Full Membership but who no longer meet the criteria for re-certification. Faculty who exhibited excellence in graduate teaching may apply for one, three year **non-renewable** certification as an Associate member. A letter from the department chair addressing the applicant's superior teaching effectiveness at the graduate level must accompany the application.

Requirements for Consideration

- I. Must hold the terminal degree in the teaching field. If the terminal degree is not a doctorate in that field, the applicant must submit documentation that the degree is considered terminal or sufficient by the discipline.
- II. Must be recommended by the department chair and the applicant's college dean.
- III. Must be recommended by the Graduate Council.
- IV. Must be recommended by the Dean of the Graduate School.

Restrictions

Associate members may not direct master's theses or doctoral dissertations but may serve as a committee member.

GRADUATE FACULTY CERTIFICATION

Recommendations for Graduate Faculty Membership must be reviewed and approved by the Vice President for Academic Affairs. Certifications of Graduate Faculty Membership are made by the Vice President for Academic Affairs. Certification to the Graduate Faculty does not include any right to permanent or continuous employment or any interest in or expectancy or renewal of the appointment.

APPLICATION PROCEDURES FOR GRADUATE FACULTY MEMBERSHIP

STEP 1: Faculty completes relevant application form, signs form, attaches supporting documents, forwards application file to Department Chair.

STEP 2: Department Chair signs application and forwards it to College Dean.

STEP 3: College Dean signs application and forwards it to the Dean of the School of Graduate & Professional Studies.

STEP 4: The Dean of the School of Graduate & Professional Studies forwards application to the Graduate Faculty Membership Committee.

STEP 5: Graduate faculty Membership Committee reviews Application and makes recommendations to the Graduate Council.

STEP 6: Graduate Council reviews application and makes recommendations to the Graduate Dean. If application is recommended for certification by the Council, the Graduate Dean signs application and forwards it to the Vice President for Academic Affairs.

STEP 7: The Vice President for Academic Affairs reviews and makes final Graduate Faculty appointment and membership certification decisions.

RESPONSIBILITIES OF THE GRADUATE FACULTY
