Fall 2015-Spring 2016 Living Learning Community Application

Expectations of Learning Communities Partners:

- Full Academic year commitment to Living Learning Community
- Attend scheduled workshops, seminars and projects
- Active participation with all social and academic activities related to their academic major
- Be an active and responsible community partner in our Living Learning Communities

Benefits of Living Learning Communities:

- Receive additional academic and social enrichment needed to thrive in a higher learning environment
- Establish relationships with faculty and fellow community partners beyond the classroom
- The opportunity to take classes and reside with peers in your academic major

Living Learning Communities Themes:

- Creative Arts- Students will have the opportunity to explore their passion for creative expression. Students interested in becoming musicians, songwriters, actors/actresses, dancers are provided with exciting and educational opportunities to enhance their skills and knowledge of artistic expression.

- Going Green- Designed to help set students on paths to finding sustainable solutions to social and environmental challenges. Student visit extension sites, recycling projects and field trips.

- Science-Technology-Engineering-Agriculture-Math (S.T.E.A.M)- Offer students the opportunity to network and live among other students that have declared science, technology, engineering, agriculture and math as their major.

- Multicultural Community- Students will explore various cultures and opportunities to study abroad. This program is dedicated to students understanding cross cultural practices and languages.

- Leadership Development- Students will take part in an interactive learning experience that facilitates leadership development. Students will develop their leadership abilities and workforce development strategies.

- Explore TSU- Gives students the opportunity to find their niche by exploring all areas of Tennessee State University, great community for students entering the university as undecided.
