

## COMMUNICATIONS, CONCENTRATION—MASS COMMUNICATION---FILM/TV PRODUCTION ACADEMIC MAP: DEGREE BA/BS (120 CREDIT HOURS)

This degree map is a semester---by---semester course schedule for students majoring in Communications with a concentration in Mass Communication---Film/TV Production. This map reflects both the Bachelor of Science (BS) and the Bachelor of Arts (BA) degrees. Differences in the course requirements for the two types of degrees are indicated within the content of the map. The milestones listed to the right of each semester are designed to keep you on track to graduate in four years. The schedule serves as a general guideline to help you build a full schedule each semester. Milestones are courses and special requirements necessary for timely progress to complete a major. When you miss one or more milestones, you should consult with an academic advisor to determine if another degree path would be more suitable for you.

In the Department of Communications, students majoring in Mass Communication will be given extensive hands on experience in the various fields of media. The student must pass all Communications courses with a minimum "C" grade. Students will be most successful if they see an advisor each semester to continually work on their plan toward graduation. Because the program is very active with a multitude of required video, audio and writing projects for various classes, as well as extensive opportunities for co---curricular experience, strategic planning for each semester will increase the student chances for success.

Before you take upper level (3000 – 4000) courses in the major, you must successfully complete the core classes for writing, introduction to technology and production (COMM 1040, 1050, 1060), with minimum "C" grades. Students who are having difficulty with writing are strongly encouraged to receive additional instruction through the Writing Center on campus. Writing ability is critical to success in mass communications, both as a student and as a professional. Students are also encouraged to be active in the Departmental media outlets, such as WTST (The Blaze) campus radio, TV 98, the *Meter* student newspaper, and Departmental on---line publications, to gain experience that enhances their course work. Projects from classes, internships, and media outlets are added to the student's online portfolio which is evaluated during the senior year.

Tennessee State University recognizes that students have diverse learning, life, and professional experiences. The University provides opportunities for students to earn college credit toward the degree through a number of assessment options that evaluate their learning experiences. These paths are grouped under the category "Prior Learning Assessment" (PLA). Various means of earning PLA credit at TSU are the following: Advanced Placement Program, American Council of Education (ACE) Military Credit, College Level Exam Program (CLEP), DSST Credit by Examination Program (includes DANTES Examination), Institutional Course Challenge Exams (Departmental Exams), International Baccalaureate Credit, Other Military Service, Portfolio Assessment. To learn more about PLA contact your academic advisor or the Office of Student Support Services for Adult and Distance Learners at (615) 963---7001 or adultstudentsupport@tnstate.edu.
