

NEW Program Proposal Substantive Change Evaluation Rubric
(please meet with Institution Accreditation Liaison to discuss)

Proposed Program:	Please type name of the proposed program here				
Type	Evaluation Criteria	Restructuring/ Repackaging (creating new content from existing content)	Repackaging Plus (some existing, some new content)	Advancing/ Changing the Degree Level (existing content at different level)	Innovation/ New Venture (no existing content)
Content	What percent of the courses or course content represents new content; what percent is restructured/repackaged? What previously approved programs does TSU offer that are closely related to the new program and how are they related?				
Experience	Do the faculty have adequate experience teaching this/or very similar content?				
Expertise	Does TSU have the faculty expertise to develop, teach and monitor/assess the quality of the program? Will a significant number of new faculty members be required?				
Financial Resources	Will significant additional financial resources be needed? Will the resource needs be similar to typical growth in existing programs?				
Library/Learning Resources	Will significant additional library/learning resources be needed?				
Other Resources	Will significant additional equipment or facilities be needed?				
Other Institutional Context or Related Information to Support Decision	What other background or other information is available to support the decision regarding substantive change?				

Substantive Change Y/N and Rationale:
