I. OVERVIEW OF THE COLLEGE OF BUSINESS

The College of Business at Tennessee State University was the first business school in Nashville to be accredited by the prestigious AACSB at both the undergraduate and graduate levels and the first public HBCU in the country to receive this dual designation. After initial accreditation in 1994, reaffirmation of accreditation by AACSB International in April 2004, 2009, and 2014 allowed the College to retain its revered status among business schools internationally.

The College of Business at Tennessee State University is uniquely positioned in Nashville, by the State Capitol, and is a strong, robust and expanding educational, entrepreneurship and research engine positively impacting the entrepreneurial and economic tapestry of Nashville, the State of Tennessee, the Country, and the world.

In accordance with its vision and mission, the College of Business (COB) offers a contemporary curriculum focused on 21st Century business operations, hands-on business methods for the future, advanced computer operations and certifications, ethical practices and knowledge and skills for leadership in the globally competitive 21st Century business environment.

College of Business Vision

The College of Business strives to achieve national and international prominence in educating current and future business professionals for the global economy.

College of Business Mission Statement

Our mission is to educate current and future business professionals through innovative teaching and research focused on contemporary business concepts for the global economy, complemented with a commitment to service and lifelong learning.

Guiding Principles and Core Values

<i>Accountability</i>	<i>Global perspective</i>
<i>Continuous Improvement</i>	<i>Mutual Respect</i>
<i>Diversity</i>	<i>Scholarship</i>
<i>Ethical Conduct</i>	<i>Service</i>
<i>Excellence</i>	<i>Shared Governance</i>

Academic Offerings

The College of Business offers the Bachelor of Business Administration degree to undergraduates in Accounting, Business Administration, Business Information Systems, and Economics and Finance. Concentrations are available in Supply Chain Management, Marketing, Management, Human Resource Management, Hospitality Management, General Business, Business Information Systems—Industry, e-Business Technology, Business Data Analytics, Economics, Finance, and International Business. Additionally, the College offers minors in General Business, Entrepreneurship, Marketing and International Business.

At the graduate level, the General Master of Business Administration (MBA) is offered with concentrations in Accounting, Management of Information Systems, Finance, and Supply Chain Management. An Accelerated MBA format is also offered leading to the MBA degree in 12 months by taking weekend classes and summer online courses. An Executive format of the MBA is also offered for professionals. Graduate students enjoy the prestige of matriculation in the oldest and most seasoned Master of Business Administration program offered in Nashville, having commenced in 1970. Candidates for the MBA come from all stations of life and all regions of the U.S., as well as Asia, Africa, Europe, Caribbean, and other locations around the world.

Stellar Faculty

The College of Business is proud to boast about its stellar faculty. One hundred percent of the College's tenured faculty members hold the doctorate degree.

Chairs of Excellence

The profound academic excellence of the College of Business is further illuminated by the support given to the College by distinguished business leaders and major corporations.

The Patricia and Thomas F. Frist, Jr. Foundation provided the College of Business with a gift of \$600,000 to fund the **Frist Chair of Excellence in Business** which has a current emphasis on Accounting. With a matching contribution from the State of Tennessee, a Chair of Excellence in Business was approved and established in 1998.

TSU's **Chair of Banking and Financial Services** was established with the support of over 22 financial institutions from the Nashville area. The Chair serves as a laboratory for developing new practitioners in the thriving Nashville finance industry and serves as a catalyst for forming even stronger alliances with the city's vibrant banking and financial services arena. The College's Financial Trading Room enhances student exposure to the finance industry and accentuates the activities of the Chair of Banking and Financial Services.

In addition to two chairs of excellence, the College of Business is home to a highly recognized international scholarly journal, the **Journal of Developing Areas**.

Corporate and Business Leader Support

National, international, local businesses, and individuals have recognized the quality of the graduates and the strength of academic programs offered by the College of Business and have embraced the College by providing financial support to the COB Wall of Excellence Academic Award and Development Fund. The College also enjoys the support of a strong Board of Advisors made up of renowned business leaders from Nashville who help ensure that the College's curriculum stays current and appropriate for preparing global business leaders. Additionally, the College of Business has been embraced by a strong governing board for its Supply Chain Management Program and dynamic advisory boards for the Department of Accounting, the Department of Business Information Systems, the Department of Economics & Finance, and the Hospitality and Tourism Management Program. The College's Alumni Advisory Board also provides a vibrant support base of successful graduates.

A Dynamic Student Life

The College of Business has more than 1000 students who enjoy a quality education at an affordable cost at two convenient locations, the main campus in North Nashville and the Avon Williams Campus located one block from the State Capitol. The student population, although ethnically and culturally diverse, consists primarily of a traditional student base of African American students during the day with a large number of working adults taking classes during the evening. In addition to traditional academic experiences, students in the College of Business have many unique opportunities to develop skills outside the classroom. Through community outreach activities, student entrepreneurial consulting activities, involvement in the College's student organizations, and international study opportunities, business students receive valuable "real life" business exposure and experiences. Student superiority in academics and community service is rewarded by awards made possible by funds raised through the College's Wall of Excellence Academic Award and Development Fund.

Each fall more than 100 companies visit and recruit on TSU's campuses. Because of these opportunities, TSU business graduates become valuable contributors in companies throughout Nashville, the state, the nation, and the world. Alumni remain involved with the University through the College of Business Alumni Advisory Board and alumni activities. Alumni also often return as recruiters.

II. ADVISEMENT

General advising in the College of Business is available Monday through Friday in one of two advisement centers, **Avon Williams Campus, Suite H-408 (615) 963-7138 and Main Campus, Holland Hall (The COB Student Development Center), Room 103, (615) 963-5145**. It is recommended that students visit one of these locations each semester to ensure that they are informed about current requirements and procedures. Students desiring career and academic advisement should contact the department appropriate to their major for the assigned faculty advisor.

On the Main Campus, students will find the **COB Student Development Center (SDC)**. The Center maintains a hands-on approach with its students and guides students through the matriculation process. In addition to providing academic advisement, the SDC provides easy access to information about College of Business policies, internships, career opportunities, professionalism, COB activities and student organizations. The services of the SDC are overseen by the College's academic advisor and operate under the auspices of the Office of the Associate Dean of the College of Business. The Center is located in Holland Hall, Room 103.

The College of Business Student Development Center Services

Matriculation Advisement: Through the SDC, lower division students are advised on courses needed for graduation, how to design their schedules, and the requirements for different majors and concentration areas.

Internships and Co-ops: Information may be obtained through the SDC pertaining to internships and co-op opportunities which allow students to augment their classroom learning and prior experience while working with top management teams in leading companies. Many students register for internships, not only to earn college credit, but also to jump-start their professional careers.

Opportunities are posted regularly in the Center's bulletin board pertaining to co-ops, internships and employment.

Personal Enrichment: In collaboration with the College of Business Public Service Office, the SDC offers counseling, workshops and seminars to prepare students for the world of work and careers in the global business environment. Topics addressed include the following

- Business etiquette
- Business communications skills
- Effective decision making
- Financial planning
- Appropriate business attire
- Money and time management
- Professional projection
- Resume writing
- Interviewing techniques

Career Placement Opportunities: Want to work for a major national company or maybe start your own business instead of working for someone else? The SDC can help! Nashville's business community

enthusiastically supports the College's academic programs and welcomes our graduates for internship opportunities. Employment applications, career counseling and testing information are available by contacting the Academic Advisor in Holland Hall, the COB Director of Experiential Learning and Career Engagement, or the Tennessee State University Career Services Director.

Student Organizations: The SDC serves as the central location for obtaining organization information and scheduling student meetings. A listing and description of College of Business Student Organizations may be found in the related section of this handbook.

Tutoring: The SDC offers tutoring services for courses offered through the College of Business.

III. GENERAL MATRICULATION INFORMATION

Taking Upper Level Business Classes

Upper level business courses are 3000 and 4000 level classes. To take upper level business courses students must meet the following requirements:

- ✓ Completed 60 hours of course work
- ✓ Must have a cumulative 2.00 GPA or better
- ✓ Pass the following Business courses:

MGMT 1010 ECON 2010 ECON 2040 ACCT 2010

Retention

Students in the College of Business are expected to maintain a minimum cumulative grade point average of 2.00. Students who incur a probationary status are to repeat failed courses, or courses in which 'D's were earned, during the semester immediately following that in which the grades were earned. The College has a special program to assist students who are on probation. Please contact the College's Associate Dean for details.

Calculating Your GPA

Your GPA or "grade point average" is the most important indicator on your University record of your successful performance as a student. The minimum GPA required by the University for awarding the baccalaureate or the associate degree is 2.00 for all credit work taken as part of an approved program of study. Some majors may require a higher GPA to graduate. The GPA is computed by dividing the number of credit hours attempted into the total number of quality points earned except for credit hours in courses for which a "W" an "I" or an "IP" was received.

Each grade in the University's grading system is worth a designated number of points. Each course is worth a certain number of credit points. To calculate your GPA, list all of your grades. Then list credit hours for each course and place the quality point values next to them in another parallel column. Add the quality points. Add the column of credit hours. Divide the total number of quality points earned by the total number of credit hours. (See the example on the next page) This is your GPA. Remember that a repeated course is counted as attempted one time only. The last grade earned in a repeated course, whether or not it is the highest grade, is used to calculate the GPA.

EXAMPLE

<u>Grades</u>	<u>Quality Values</u>
A	4.0
B	3.0
C	2.0
D	1.0
F	0.0

<u>Course</u>	=	<u>Grade</u>	<u>Credit Hour</u>		<u>Quality Points</u>
HIST 2010	=	C	3 credit hours	(2x3)	6
ENGL 1010	=	A	3 credit hours	(4x3)	12
MGMT 1000	=	A	1 credit hour	(4x1)	4
MUSC 1010	=	A	3 credit hours	(4x3)	12
MATH 1110	=	B	3 credit hours	(3x3)	9
			<hr/>		<hr/>
			13 credit hours		43

$$\text{GPA} = \frac{43 \text{ Quality Points}}{13 \text{ credit hours}} = 3.308$$

Transfer of Credit Policy

1. The specific credit for business coursework completed at other institutions which will apply toward the BBA degree is determined by the department chair of that perspective major in concert with the Office of Admissions and Records.
2. The College of Business reserves the right to test the proficiency of any student in coursework transferred from other colleges or universities and the right to disallow transfer credit in such coursework if the student cannot demonstrate acceptable proficiency.
3. Transient Status: BBA students who wish to attend another institution as “transient” or “visiting” students to take upper division business courses for degree credit must obtain written approval in advance from the Office of Undergraduate Studies of the College of Business. Approval is not automatic. MGMT 4500 (Business Strategy) must be taken at TSU.
4. Re-enrollment after transferring elsewhere: BBA students who enroll at another institution as regular students (as opposed to transient or visiting status) will be considered as having transferred to that institution. If such students later re-enroll in the TSU BBA program, regardless of the length of the absence, they may be subject to the curricular degree requirements in effect at the time of their re-enrollment. Such students are encouraged to discuss their transfer to the other institution with their major’s department chair in advance if they intend to apply this work toward the BBA degree.
5. The College of Business subscribes to the philosophy that a student’s undergraduate program below the junior year should include no advanced, professional level courses. This philosophy is based on the conviction that the value derived from these advanced courses is materially enhanced when based upon a sound foundation in the liberal arts.

Scholarships

A limited number of scholarships and academic awards are available on a competitive basis for College of Business majors. These non-repayable awards are based on academic excellence, civic achievements, course of study, or other specific criteria developed by the sponsor. The scholarships and awards are sponsored by business, industry, individuals, and professional organizations.

Application Procedures:

All students interested in obtaining a scholarship must complete a scholarship application which may be found online at <https://tnstate.academicworks.com>.

Contact: For more information and/or applications, contact the College of Business Office of Public Service on the Avon Williams Campus at (615) 963-7369.

Internship Experiences for Credit

Students interested in obtaining an internship should contact the COB Student Development Center, the COB Director of Public Service, their major department, the COB Office of Experiential Learning and Career Engagement or the University Career Development Center to explore opportunities.

College of Business students may elect to explore the option of receiving academic credit for their internship experience. The College of Business offers internship courses that have the intent of reinforcing and enhancing the theoretical knowledge received in the classroom with practical on the job experiences. With the completion of the lower division foundation courses in business, students have an opportunity to both apply and observe many of the tools, principles, and practices learned in the classroom in a real world business, industry, or governmental setting.

Internship Course Requirements:

- ❑ Prior to registering for an internship course, a completed internship package must be submitted and approved either by the faculty person of record, appropriate department chair, or COB administrator. Internship packages may be obtained from the COB Website (www.tnstate.edu/business). Completed packages must be submitted to the COB Director of Experiential Learning and Career Engagement (Avon Williams Campus).
- ❑ Students must work at least 15-20 hours per week on an approved internship throughout a full academic semester. A maximum of six credit hours earned in business internship and independent study courses (combined) may be applied to degree requirements. Approval by the appropriate department chair or COB administrator is required to enroll in internship and independent study courses.

General Information

- ❖ *Service to Leadership* – UNIV 1000 satisfies the orientation requirement. An Orientation course taken at another University does **NOT** meet this requirement. Orientation must be taken during the first semester of matriculation at TSU.
- ❖ *English 2010-2322* – Must have at least 3 semester hours credit.
- ❖ *History*– Must have 6 semester hours credit in History.
- ❖ *Math 1110 (College Algebra)* – MATH 1710 (Pre-Calculus) may be substituted for this course.
- ❖ *Math 1830 (Basic Calculus)* – MATH 1910 (Calculus I) may be substituted for this course.
- ❖ *Natural Science* – Must have 8 semester hours. Recommended courses are BIOL 1010/1011, BIOL 1020/1021, CHEM 1030/1031 and CHEM 1040/1041, PHYS 2030/2031 and PHYS 2040/2041 or ASTR 1010 and ASTR 1020. Plus the appropriate lab components must be taken with all of these classes.
- ❖ *Humanities* – Must have 3 or 6 semester hours with courses from different disciplines: AREN 2310, ART 1010, THTR 1020, MUSC 1010, PHIL 1030, HIST 1000 or RELS 2010.
- ❖ *Senior Project or Senior Seminar* – MGMT 4500 satisfies this requirement.
- ❖ *Probation* – Students on probation may **NOT** enroll in more than 13 semester hours.
- ❖ *Overloads (Fall and Spring)* – Generally, anything over 18 hours requires overload permission. The maximum number of overload hours is 21 hours in total. Freshman may **not** carry an overload. Sophomores, Juniors, and non-graduating Seniors may carry an overload of up to 21 hours **if** they have a cumulative 3.00 GPA or higher. Graduating Seniors may carry an overload of up to 21 hours **if** they have a 2.00 GPA or higher. All overload requests **must** be approved by a department chair and the Dean or a designated representative.
- ❖ *Overloads (Summer)* – The maximum course load for undergraduate students for Summer is 15 hours.
- ❖ *Classes taken at another institution for summer sessions and regular semesters* – A currently enrolled student must get a “Permission to Take a Course at Another Institution” form completed and approved before enrolling in classes at another institution and transferring the earned hours to TSU for credit toward graduation and degree requirements. Students may obtain a “Permission to Take a Course at Another Institution” form from the COB Office of Undergraduate Studies or Admissions and Records.

- ❖ *Administrative Withdrawal-* A student may be administratively withdrawn from any College of Business class when the student is not eligible to be enrolled in the class.
- ❖ *Transfer students* should consult their department chair regarding core course requirements if they are transferring in business courses or to determine the acceptability of upper division business courses earned at other institutions.
- ❖ The College of Business subscribes to the philosophy that a student's undergraduate program below the junior year should include no advanced, professional level courses.

Student must understand that...

- ❖ *It is the student's responsibility to learn and observe all policies, regulations, and procedures required by Tennessee State University, by the College of Business and by the program in which they are enrolled.*
- ❖ *Lack of awareness of a policy, regulation, or procedure will not be accepted as a justification for a waiver or exception.*
- ❖ *An assertion that the student was not informed by an advisor or other university authority of a specific requirement listed in the relevant TSU catalog will not be accepted as a valid reason for a waiver or exception.*
- ❖ *Individual faculty members do not have the authority to waive or grant exceptions to a TSU, College of Business, or program policy, regulation or procedure requirement. Only department chairs and above may do so and only in rare circumstances.*
- ❖ *In order to enroll in MGMT 4500 and receive graduation degree credit for it, the student MUST: (1) have senior standing and (2) have satisfactorily completed upper division business CORE courses.*
- ❖ *It is the student's responsibility to remove all high school deficiencies. This should be done as early as possible.*

IV. GRADUATION

College of Business Graduation Requirements

Credit hours required for the Bachelor of Business Administration degree total a minimum of 120 semester hours, unless otherwise specified by the student's major.

Specific College of Business Graduation Requirements

1. Business majors must maintain an overall TSU cumulative GPA of at least 2.00 (not including remedial and developmental courses); a GPA of at least 2.00 in the upper division business core; and a GPA of at least 2.00 in the courses being used to satisfy the major field plus upper division business elective course requirements.
2. Business majors may not have more than two D's in the courses being used to satisfy the major field plus upper division business elective course requirements. D's and F's in additional (extra) major elective courses will not count toward determining whether the student is in violation of the 2-D policy. Accounting majors cannot have any D's in the major field.
3. At least 50 percent of the business credit hours required for the business degree must be earned at Tennessee State University, including MGMT 4500 (Business Strategy). See the Office of Undergraduate Studies for further details.
4. The general education component of each student's undergraduate curriculum shall comprise of 41 credit hours of the student's four-year program. See the Office of Undergraduate Studies for further details.
5. Satisfactory completion of General Education courses includes that an earned grade of C or better is required in both English 1010 and 1020.
6. All business majors are required to review degree requirements with the Office of Undergraduate Studies at least one semester prior to the semester in which graduation is anticipated. Only students who are eligible will be permitted to remain enrolled in MGMT 4500 (Business Strategy). It is the responsibility of the student to secure a current and complete transcript and schedule an appointment for the transcript review.
7. Business majors must complete at least one academic year in residence and at least 30 semester hours of credit earned in residence with a minimum quality point average of "C" (2.00).
8. Majors are to participate in performance evaluation measures (taking various tests, responding to inquiries) designated by the College or University.

The Graduation Clearance Process

The purpose of the Graduation Clearance Process is to ensure that students are SPECIFICALLY aware of all degree requirements to be met and that they concur with the review by the College of Business. The review is conducted with the catalog which a student is following; the student is provided with a signed copy of the review and a copy is placed in the student's file in the Office of Undergraduate Studies.

Specific Items to be Covered in the College of Business Graduation Clearance

1. University and College of Business Degree Requirements. As stated in the catalog in which a student is following.
2. Test and Evaluative Activities Which May be Required. The University may require students to participate in evaluative activities designed to yield information on its instructional programs or to gather general data needed by the Department, College, or University. Dates for such activities are posted, announced in classes, and – in most instances – included in the semester schedule. It is the student's responsibility as a prospective graduate to remain alert to these activities through reading and contacts with the Office of Undergraduate Studies.
3. Removal of "I" Grades, Substitution of Courses, Credits by Examination. All incompletes must be removed no later than the date on which graduation applications are due in the College of Business. Any request to substitute major field courses must be approved by the student's department chair. All examinations for credit must be scheduled prior to the semester in which the student plans to graduate and must be completed in accordance with University guidelines by the date of filing for graduation.
4. Filing for Graduation. The process of filing for graduation is completed during the semester **prior** to graduation. *Students who file for graduation and do not complete graduation requirements must re-file by the date applications are due for the new semester in which the students plan to graduate.* Those who must re-file must make an appointment with the College's Director of Undergraduate Studies immediately upon determining that they will not graduate as expected.
5. Participation in Commencement Activities. Instructions for participating in Commencement exercises are posted on the University Commencement Website: www.tnstate.edu/commencement. Available information is provided to students during their clearance for graduation interview. Students who do not plan to participate should contact the Office of Records for procedures to secure their diplomas.

Alumni Relations

Our alumni have used their degrees to succeed as bank loan officers, department store buyers, marketing managers, brand managers, IRS auditors, corporate purchasing agents, human resource managers, corporate vice presidents, corporate presidents, and to pursue entrepreneurial dreams. The list is extensive. Alumni remain involved with the University through alumni activities, the Student Motivation Task Force and often return as recruiters. Alumni are encouraged to keep the College's Office of the Associate Dean informed about career and address changes.

V. STUDENT LIFE

College of Business Student Organizations

The College of Business encourages its students to participate in extracurricular activities to complement the total educational experience, to obtain leadership opportunities and to provide service to the community. College of Business student organizations are included below, followed by a description of each organization.

- American Marketing Association (AMA)
- Association of Information Technology Professionals (AITP)
- Beta Alpha Psi
- Beta Gamma Sigma (an invitational honor society)
- Economics and Finance Society
- Finance and Investment Club
- National Association of Black Accountants (NABA)
- National Black MBA Association
- Society for Human Resource Management
- Supply Chain Management Student Organization (SCMSO)

Organization Descriptions:

American Marketing Association (AMA) - AMA is the largest marketing association in North America. It is a professional association for individuals and organizations involved in the practice, teaching, and the study of marketing worldwide. www.marketingpower.com

The Association for Information Technology Professionals - A professional organization which exposes business information systems and computer science majors to current information systems topics and encourages networking between all majors. www.aitp.org

Beta Alpha Psi – An international honor society that promotes and recognizes scholastic and professional excellence in accounting, finance and information systems. The TSU chapter provides opportunities for interaction among students, faculty, and professionals, and fosters lifelong growth, service and ethical conduct.

Beta Gamma Sigma - A business honor society made up of 7% of the junior class and the top 10% of the senior class. Membership is by invitation only. www.betagammasigma.org

Economics and Finance Society - Promotes professionalism within the finance professions; provides leadership and professional development opportunities.

Finance and Investment Club – This organization provides students with the opportunity to pick stocks and gain experience in managing funds that are invested in the stock market.

The National Association of Black Accountants (NABA) is the oldest and largest professional membership organization focused specifically on African-Americans and people of color in the accounting, finance and business-related fields. As a member of NABA, you are a part of a network that provides opportunities for growth and success in the global business marketplace. www.nabainc.org

National Black MBA Association - Professional chapter of the national organization specifically for undergraduate students that plan to attend graduate school or enter a field that will require advanced business savvy.

Society for Human Resource Management – Provides students with exposure to the field of Human Resource Management through networking with members of the professional chapter. Monthly luncheon speakers and shadow days are features of membership opportunities. www.shrm.org

Supply Chain Management Student Organization - Student organization that focuses on the professional development of students interested in Supply Chain Management.

The Student Leadership Coalition - Consisting of the presidents of all College of Business student organizations, the Student Leadership Coalition works with the Dean and the administration of the College and provides on-going input for enhancement.

For more information about these professional organizations, contact the COB Office of Public Service on the Avon Williams Campus, Suite H407, or the Unit Academic Advisor in the SDC in Holland Hall, Room 103 on the Main Campus.

Communication

In addition to the SDC and the Undergraduate Student Handbook, College updates are shared on the COB Website (<http://www.tnstate.edu/business>), bulletin boards in Holland Hall and on the Avon Williams Campus, and via personal e-mails. Please contact the COB Unit Academic Advisor to provide your current e-mail address. Additionally, the College's FaceBook page provides another source of College updates and activities.

College of Business faculty and administrators may be reached via their mailboxes on the Avon Williams Campus in Suite K, via e-mail or phone. Contact information is listed in the Appendices of this handbook.

Airing Concerns

In the College of Business, we ask students to follow internal protocol as they learn in our classes. Students are asked to follow the chain of command in expressing concerns. An organization chart is included in the Appendices. For class concerns, students should first discuss matters with their professor. If students do not feel their concerns are adequately addressed at that level, the next step is to discuss the situation with the department chair of the course at issue. The final step for unresolved matters is to

share the matter with the Dean of the College. The process for airing concerns above the dean's level are included the University Undergraduate Catalog.

Resources

In a broad sense, the entire business community of Nashville offers an ideal laboratory for student development. The College of Business is situated in the heart of downtown Nashville where faculty and students alike have ready access to sources of business and government information and relationships.

Special resources of the College of Business of particular interest to students are:

- Accounting Tutorial Services

- Chair of Excellence in Banking and Financial Services

- CISCO Lab

- Database Lab

- Economics and Statistical Tutorial

- Financial Trading Room

- First Chair of Excellence in Business

- Microcomputer Labs

- Networking Lab

- Placement Services Provided by the University Career Development Center Office

- Special Academic Counselors

- Student Development Center

- Student Professional Organizations

VI. COLLEGE OF BUSINESS FEES

Acknowledging a national trend with business schools, in 2003, The Tennessee Board of Regents (TBR) authorized differential maintenance fees for courses in business at all TBR universities. The fees were approved for enhancing various programmatic initiatives of schools and colleges of business in the TBR system.

The fees are earmarked for the budget of schools and colleges of business to cover needed program costs to maintain a competitive academic program for students, including, but not limited to, the following:

- Investing in new faculty and staff and increasing funding for existing faculty through salary support, research and instructional grants, travel funding, and development of personnel through endeavors designed to position the schools at the cutting edge of each discipline.
- Improvement in facilities and instructional infrastructure, including the purchase of equipment and software needed above the expenditures made possible by any current student technology fee.
- The enhancement of instructional programs by adding degree offerings, improving advisory and career placement services, etc.”

Because of these fees, the College of Business at Tennessee State University is able to provide students with an enhanced academic experience that will enable graduates to be more competitive in the global economy.

VII. DEPARTMENTAL OVERVIEWS

Department of Accounting

The vision of the Department of Accounting is to achieve positive national recognition for our high-quality accounting program. Consistent with the missions of Tennessee State University and the College of Business, the mission of the Department of Accounting is to prepare a diverse student body for careers in public, management, and government accounting. Our curriculum is designed in order that our graduates will be (a) knowledgeable in accounting and aware of the global business environment, (b) critical thinkers and problem solvers, (c) competent in technology, (c) effective communicators and team members, and (d) aware of ethical ramifications of business decisions. Our Accounting Program provides students with the opportunity to meet the educational requirements to sit for the CPA exam and to achieve other professional certifications.

The bachelor's degree provides the educational background for many entry-level accounting positions. Students with this degree will have the necessary educational requirements for the CMA and CIA exams. Students will also have earned at least 120 hours of the 150 hours needed to sit for the CPA exam in those states requiring 150 credit hours. Students may earn the remaining hours needed for the CPA exam by taking additional undergraduate classes or by obtaining a Master of Business Administration-Accounting Concentration or other graduate degrees. Students should consult with their advisors and their State Boards of Accountancy for the exact requirements.

Opportunities are available for qualified students to obtain paid on-the-job experience in either industrial or public accounting through internship and Co-op programs. The programs involve multiple work experiences and are generally started during students' sophomore or junior year. Students interested in the programs should contact the College of Business Office of Experiential Learning and Career Engagement as early as possible.

Department of Business Administration

The Department of Business Administration, by integrating instructional technology in the classroom, offers practical and innovative graduate and undergraduate programs which expose students to current information concerning the study and practice of business. This information aids students in developing managerial skills and responsible ethical alertness that differentiates them in the marketplace, advances their careers, and enables them to compete effectively in the world of business.

The Department of Business Administration offers the BBA in General Business as well as concentrations in General Business, Hospitality and Tourism Management, Human Resource Management, Management, Marketing, and Supply Chain Management.

The **General Business concentration** is designed for students who prefer to acquire a broad undergraduate training in business, rather than specializing in a specific area. Students design their business electives to fit their specific career goals.

The **Hospitality and Tourism Management concentration** is specifically designed to prepare both full-time and part-time business students for management careers in the hospitality, and related sectors. The degree program provides the opportunity for students to build their entrepreneurial, managerial, functional, operational, and analytical capabilities to maximize their success in Hospitality Management related positions under a dynamic local, national, and global competitive environment. Our program provides the skills needed to succeed in the exciting hospitality industry in positions such as: Hotel management, Restaurant management, Country Club management, Convention/Event planning, Corporate travel management and Catering directors.

The **Human Resource Management (HRM) concentration** includes all management decisions and practices that directly impact or influence the people who work for an organization. HRM recognizes that employees enable an organization to reach its goals, and the management of employees (human resources) is critical to organizational outcomes (survival, competitiveness, growth and profitability). HRM's functions and contributions to an organization include: Strategic HR Planning, Job Analysis, Equal Employment Opportunity, Employee Recruiting and Selection, Human Resource Development, Performance Appraisal, Compensation and Benefits, Safety and Health, Labor Relations and Intercultural issues in training.

The **Management concentration** provides students with the opportunity for professional preparation applicable to the management of private and public sector organizations. Employment opportunities are available in administration management, human resources management, industrial relations, operations management, and quality management. Career opportunities are readily available in small, medium, and large businesses, government agencies, foundations, hospitals, and other service and manufacturing organizations. Students who choose a management concentration have the option of choosing the General Management track or the Human Resources (HR) Management track.

The **Marketing concentration** is designed to facilitate both entry into marketing and long-term professional advancement. Marketing includes all activities concerned with ascertaining and satisfying the needs and desires of individual and organizational buyers/consumers. It is consequently, a function of prime importance in all forms of organizations. Course emphasis is placed on marketing management. Those who choose marketing as a career will be involved in product development and improvement, consumer research, pricing, promotion, sales, and distribution. Professional careers are open to marketing students in advertising firms, research organizations, retailing and wholesaling firms, and other service organizations, as well as a wide range of manufacturing, service and non-profit groups devoted to supplying goods or services to meet the needs of the customer/buyer.

The curriculum for the concentration in **Supply Chain Management** is designed to prepare students for a career in Supply Chain Management. The degree program provides a solid business foundation upon which rigorous e-Business technology competencies are built. The graduates of the program will possess the management and technology skills required for positions in the Supply Chain environment. The Program also provides students with an understanding of the strategic and operational nature of Supply Chain Management.

Department of Business Information Systems

The Business Information Systems (BIS) Program emphasizes the development of practical skills and real-world experience while maintaining a high level of academic rigor. The program is designed to give students the competitive edge in the technologically driven and rapidly changing (evolving) business environment.

The Department prepares students to be effective users, developers, and managers of information technologies/systems in organizations. Students are provided with practical knowledge on how to evaluate the capabilities of information technologies and their contributions to organizations in providing business solutions. The strength of the BIS major lies in his/her ability to combine an understanding of business with the knowledge of information systems and technology to help organizations compete more successfully or streamline current operations. **The Department offers Concentrations in: Business Information Systems-Industry, e-Business Technology, and Business Data Analytics.**

The **Business Information Systems-Industry Concentration** prepares students to help organizations design and use systems for conducting transactions, managing information about customers, employees and suppliers, and ensuring the security of communications. They study how people adapt to new information technologies, and advise organizations how to make the most of the information available to them.

The concentration in **e-Business Technology** prepares students to manage an organization's e-business efforts, including developing and overseeing a long range e-business strategy. Also, e-Business professionals champion the use and expansion of Web-based systems in meeting strategic goals.

The **Business Data Analytics** concentration exposes students to data analytics practices associated with Big Data in the business world. The program explores such key areas as the data extraction and preparation, data creation and storage, merging and grouping data, modeling and model evaluations.

Department of Economics and Finance

The Department's mission is to provide an academically rigorous program in support of the College of Business mission of offering a high quality academic program. The Department of Economics and Finance offers a program of instruction for those who expect to pursue careers in economics, finance, international business, insurance, or government and provides service courses for business and non-business majors. **The department offers concentrations in Economics, Finance, and International Business.**

A concentration in **Economics** prepares students to analyze economic problems that all modern economies face. Students graduating with this concentration acquire rigorous analytical skill to relate and apply economic principles and theories to specific (micro) and general and broad (macro) economic conditions. Graduates with this concentration typically find jobs with various governmental agencies; enter graduate studies in economics and other areas of business; or pursue a degree in law.

A concentration in **Finance** prepares students to be financial analysts at the entry level. Students graduating with a Finance concentration acquire fundamental analytical skills in the area of finance and can apply those skills in day-to-day financial analysis in modern businesses. Students with a finance concentration are highly sought-after by the corporate world including the banking sector as well as various branches of the federal and state governments. Students with a finance concentration are better equipped to acquire professional certifications such as CFA (Certified Financial Analyst) or a Certified Financial Planner (CFP).

Students with an **International Business** concentration acquire a better sense of the global business environment. In particular, this concentration prepares students to seek challenging opportunities that are available globally. By learning to speak another language, and/or being an intern in an international business, which is a requirement in this concentration, gives a clear advantage to students with this concentration, particularly in an ever changing global environment.

College of Business Minors

A minor affords a traditional, well-accepted way to recognize that a student has completed a significant body of work outside the major field. Students may wish to follow up on long time personal interests, satisfy intellectual curiosity generated by introductory courses, enrich their undergraduate experience, differentiate their individual program of study from those of fellow students, or enhance their opportunities for employment or for admission to graduate or professional schools. **The College offers minors in General Business, Entrepreneurship, Marketing and International Business.** The General Business minor is offered only for students outside of the College of Business. The other minors are available to all TSU students.

General Business Minor:

A minor in General Business affords a non-business major a traditional, well-accepted way to recognize that a student has completed a significant body of work outside the major field. Students who wish to follow up on long time personal interests, satisfy intellectual curiosity generated by introductory courses, enrich their undergraduate experience, differentiate their individual program of study from those of fellow students, or enhance their opportunities for employment or for admission to graduate or professional schools, may want to pursue a minor in Business.

Entrepreneurship Minor:

The Minor in Entrepreneurship prepares students to create and develop new ideas and provide them with the skills and knowledge to translate ideas into viable business entities. The program is designed for business and non-business undergraduate students who desire a course of study that will prepare them to start their own businesses and afford them the opportunity to create their own path to success.

International Business Minor:

A minor in International Business is designed to provide a broad interdisciplinary background of the cultural, social, economic, political, and business environment of the world. The purpose is to prepare more globally competent men and women to function productively in the world economy.

Marketing Minor:

A minor in Marketing provides an opportunity for students from different areas of interest to complete a significant number of marketing courses that potentially furthers their career interests and satisfies intellectual curiosity.

APPENDIX C

Freshman and Sophomore Years Course Checklist

FRESHMAN YEAR

Fall Semester – 16cr.

Courses

ENGL 1010 – Freshman English I (3 cr.)	___
UNIV 1000 – Service to Leadership (1 cr.)	___
MGMT 1010 – Intro. to Business (3 cr.)	___
MATH 1110 (3 cr.)	___
Humanities (3 cr.)	___
COMM 2200 – Public Speaking (3 cr.)	___

Spring Semester – 15cr.

Courses

ENGL 1020 – Freshman English II (3 cr.)	___
Non-Business Elective (3 cr.)	___
MATH 1830 – Basic Calculus (3 cr.)	___
ECON 2010 – Economic Principles I (3 cr.)	___
BISI 2150 (3 cr.)	___

SOPHOMORE YEAR

Fall Semester – 16 cr.

Courses

ACCT 2010 – Prin. of Accounting I (3 cr.)	___
Natural Science with Lab (4 cr.)	___
ECON 2020 – Economic Principles I (3 cr.)	___
ENGL Literature (3 cr.)	___
History (3 cr.)	___

Spring Semester – 16 cr.

Courses

ACCT 2020 – Prin. of Accounting II (3 cr.)	___
ECON 2040 – Intro. to Stats. I (3 cr.)	___
ENGL Literature or Humanities (3 cr.)	___
Natural Science with Lab (4 cr.)	___
History (3 cr.)	___

Natural Science courses to choose from:

- BIOL 1010/1011 – Introduction to Biology I
- BIOL 1020/1021 – Introduction to Biology II
- BIOL 1110/1111 – General Biology I for science majors
- BIOL 1120/1121 – General Biology II for science majors
- CHEM 1030/1031 – Gen. Chem. I for non-science majors
- CHEM 1040/1041 – Gen Chem. II for non-science majors
- CHEM 1110/1111 – General Chemistry I
- CHEM 1120/1121 – General Chemistry II
- PHYS 2010/2011 – College Physics I
- PHYS 2020/2021 – College Physics II
- PHYS 2030/2031 – General Physics I
- PHYS 2040/2041 – General Physics II
- ASTR 1010 – Astronomy I
- ASTR 1020 – Astronomy II

History course to choose from:

- HIST 2010 – American History I
- HIST 2020 – American History II
- HIST 2030 – History of Tennessee
- HIST 2060 – World History I
- HIST 2070 – World History II
- HIST 2700 – The African American Experience

Humanities courses to choose from:

- AREN 2310 – Architectural History
- ART 1010 – Art Appreciation
- THTR 1020 – Appreciation of Drama
- MUSC 1010 – Music Appreciation
- PHIL 1030 – Intro. to Philosophy
- RELS 2010 – Intro. to Religious Studies
- HIST 1000 – Global Culture in History

English Literature courses to choose from:

- ENGL 2110 – American Literature
- ENGL 2310 – World Literature I
- ENGL 2012 – Literary Genres I
- ENGL 2013 – Black Arts and Literature I
- ENGL 2210 – Survey of English Lit. I
- ENGL 2120 – American Literature II
- ENGL 2320 – World Literature II
- ENGL 2022 – Literary Genres II
- ENGL 2023 – Black Arts and Literature II
- ENGL 2023 – Survey of English Literature II

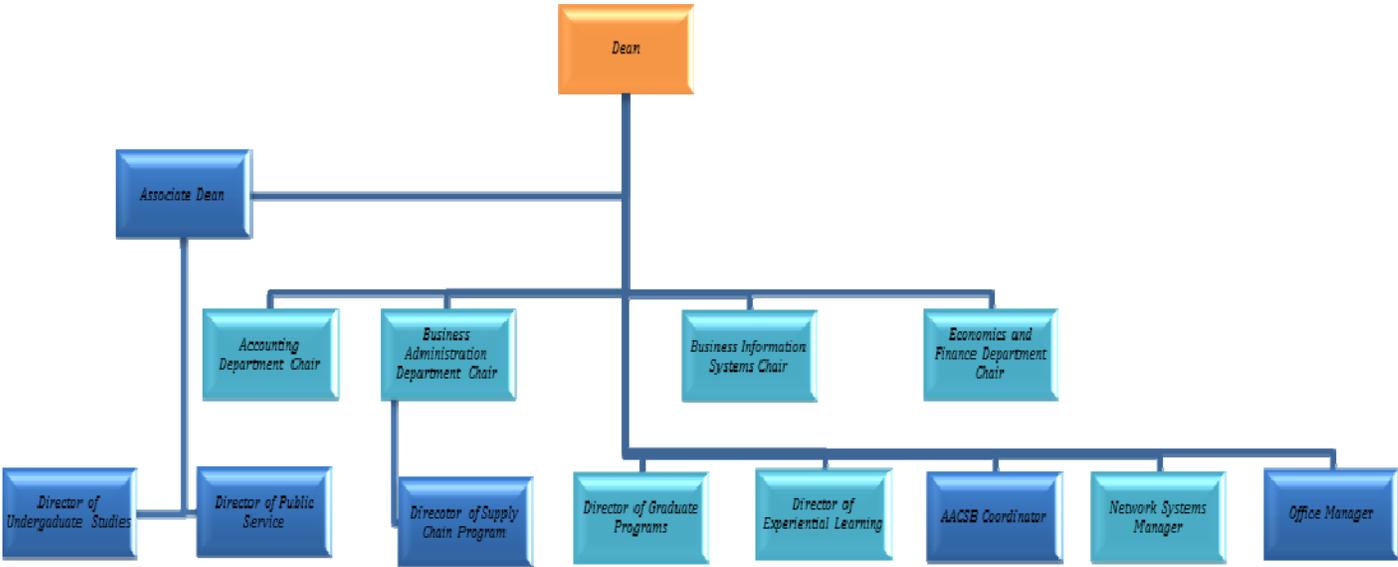

In order to take any of the 3000/ 4000 level business courses,

Business Majors MUST:

- Complete 60 hours of course work
- Have a minimum cumulative GPA of 2.000
- Pass the following Business courses:
MGMT 1010 ECON 2010 ECON 2040 ACCT 2010

APPENDIX D
COB Administrative Organization Chart

APPENDIX E

COB Code of Honor, Dress and Decorum

In creating a professional culture, the following Code of Honor, Dress and Decorum has been developed and established by College of Business constituents, including significant input from students. It is generally accepted by the College of Business student body, faculty, and staff that we will treat our colleagues with courtesy, respect, and collegiality, and treat the classroom as a business meeting.

Plagiarism: Using someone else's ideas or phrasing and representing those ideas or phrasing as our own, either on purpose or through carelessness, is a serious offense known as plagiarism. "Ideas or phrasing" includes written or spoken material, of course — from whole papers and paragraphs to sentences, and, indeed, phrases — but it also includes statistics, lab results, art work, etc. "Someone else" can mean a professional source, such as a published writer or critic in a book, magazine, encyclopedia, or journal; an electronic resource such as material we discover on the World Wide Web; another student at our school or anywhere else; or a paper-writing "service" (online or otherwise) which offers to sell written papers for a fee.

I will maintain a level of decorum that best represents this professional setting.

I will respect my classmates, faculty, and College of Business visitors by:

- ◆ Observing rules of attendance and punctuality
- ◆ Refraining from loud conversation and profanity in classrooms and hallways
- ◆ Not using my cell phone in class or allowing it to ring
- ◆ Observing generally accepted rules of professional attire

I will respect myself by:

- ◆ Providing my best effort to the course
- ◆ Doing my assigned part in group work
- ◆ Not cheating by giving or accepting materials, copying, stealing, deception, or plagiarism
- ◆ Coming to class prepared
- ◆ Asking questions

I will observe the following:

- ◆ Understanding that loose clothing is a current style, "super-sag" and low-rise pants that reveal undergarments are inappropriate in the business setting. The College of Business at Tennessee State University considers this style of clothing unprofessional and unbecoming for members of this community.
- ◆ As for other forms of revealing clothing, high hem-lines and deep-cleavage revealing blouses and tops are unprofessional and in the College of Business at Tennessee State University, this style is also considered unprofessional and unbecoming for members of this community.
- ◆ Head rags, hats and caps are not considered a part of professional attire and in the College of Business at Tennessee State University, are considered unprofessional for members of this community.
- ◆ Loud conversation and profanity are unprofessional and unacceptable. In the College of Business at Tennessee State University, it is unacceptable in the classroom setting and strongly discouraged in hallways between classes. By observing this code I understand that I am a member of the College of Business at Tennessee State University whose guiding principles and core values include:

Accountability
Continuous Improvement
Diversity
Ethical Conduct
Excellence

Global perspective
Mutual Respect
Scholarship
Service
Shared Governance
