Introducing

...the NEW Student Health Insurance Exchange

Available for all students...

Assess

& calculate your premium tax subsidy in seconds

Shop

for plans ON & OFF The Exchanges

Enroll

in plans in 15 minutes or less

What's the difference between ON & OFF the Exchange?

- **ON Exchange** plans primarily are for individuals & families that are going to receive subsidies because of their income.
- **OFF Exchange** plans are not subsidized but in most cases have many more options and lower rates than ON Exchange plans. Compare both and decide for your self.

What is a licensed Exchange Adviser?

A licensed Exchange Adviser is an agent that is also certified to enroll people in the Exchanges. In many cases "Navigators" that are available on the government run sites are unable to answer many questions because they are not licensed to do so. Rates are the same whether you use an agent or not so why not take advantage of FREE advice.
