#### Please respond to the following questions:

#### 23. What is the best thing the instructor did to help you learn, and what should the instructor improve in this course?

- The study guides helped alot. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- my instructor was very knowledgeable in this course. He taught the class on everyone's level and we all able to understand. He doesn't need to improve anything. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- Instructor helped me to understand difficult topics. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- He showed us videos from youtube that helped us to understand they way certain cellular level processes worked. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- I think he is the best Biochemistry teacher we have at TSU. He should teach more sections or all the biochemistry sections so that students get something out of this class. I know I learned a lot from his class. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- Dr. V is comprehensive and patient. I am confident he will excellently educate the next round of students. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- Very knowledgeable about the subject material and easily thought difficult material. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- He went over everything throughly,as well as, posted all notes online. but he does not understand the struggles some have outside of school and refuse to help. Just be a little more understanding. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- The instructor is extremely clear and concise. His knowledge of the subject is superb! I enjoyed the way he made concepts that have the potential to be complicated in nature extremely simple by telling 'the story.' This instructor has absolutely nothing to improve upon. He is the best professor I have ever had! (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- The instructor did a great job! I would recommend spending less time on DNA/Transcription/Translation and have a light introduction to metabolism in general biochemistry 1. I felt like we spent too much time on DNA/Transcription/Translation. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- This was the best instructor I have ever had at TSU. He was able to teach make us understand on another level. Because he truly understands the subject he made him able to teach more effectively. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- Best thing he did was engage the students and make the material interesting. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)

#### 24. With reference to technology, tutorial support, and the prerequisite for this course, if applicable, what changes would you suggest to the University to make this a better course?

- Provide projector and computer for each class. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- There should be longer class periods in this class. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)

- Projector was stolen pre-semester; once replaced was useful for video projection. Video makes biochem reactions much easier to comprehend, imagine. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- Nothing. (CHEM-3410-01-81455-Fall2012-VercruysseKoen)
- No change (CHEM-3410-01-81455-Fall2012-VercruysseKoen)

#### Comments

#### Please respond to the following questions:

#### 23. What is the best thing the instructor did to help you learn, and what should the instructor improve in this course?

- This class is an ideal class for a learner. Study guide, color coordinated lecture, animations, board drawings, and reviews. To make things even better, the professor grades on a timely matter and goes at a very steady pace during his lectures. (CHEM-3410-01-12039-Sp2014-VercruysseKoen)
- I believe everything that Dr. Vercruysse did was amazing. There is nothing that needs to be done, continue teaching that way you do. (CHEM-3410-01-12039-Sp2014-VercruysseKoen)
- Very organized notes. (CHEM-3410-01-12039-Sp2014-VercruysseKoen)
- The way the concepts were explained made it very easy to understand. Offer homework for more difficult topics. (CHEM-3410-01-12039-Sp2014-VercruysseKoen)
- Dr. Vercruysse is an excellent teacher. He did not mind repeating questions and going through the lecture slower so that his students understood. (CHEM-3410-01-12039-Sp2014-VercruysseKoen)
- Dr. Vercruysse vividly explained the subject matter in a way that was easy to understand. He was able to lecture and draw on the dry-erase board in a matter that was beneficial. The study guide he provided was a great help when studying for exams. Dr. Vercruysse was able to help me truly understand biochemistry. He is an excellent professor. Nothing needs to be improved in this course. (CHEM-3410-01-12039-Sp2014-VercruysseKoen)
- Thorough explanation (CHEM-3410-01-12039-Sp2014-VercruysseKoen)
- He communicated effectively and gave great guidance to what exactly we needed to know. This alone helped me progress in the course. (CHEM-3410-01-12039-Sp2014-VercruysseKoen)
- I do not think there is one thing that Dr. Vercruysse did wrong or bad. He is VERY knowledgeable and explains the information thoroughly. (CHEM-3410-01-12039-Sp2014-VercruysseKoen)

#### 24. With reference to technology, tutorial support, and the prerequisite for this course, if applicable, what changes would you suggest to the University to make this a better course?

- Nothing, at least for his class! (CHEM-3410-01-12039-Sp2014-VercruysseKoen)
- Use of clickers (CHEM-3410-01-12039-Sp2014-VercruysseKoen)
- Nothing (CHEM-3410-01-12039-Sp2014-VercruysseKoen)
- Working projector in room (CHEM-3410-01-12039-Sp2014-VercruysseKoen)

- I believe that if Dr. Vercruysse had access to working technology in the classroom, he could allow for better examples in class while explaining the topic at hand. His drawings weren't bad, but seeing the animation would have helped to connect any missing information. (CHEM-3410-01-12039-Sp2014-VercruysseKoen)

#### Please respond to the following questions:

#### 23. What is the best thing the instructor did to help you learn, and what should the instructor improve in this course?

- Instructor was always available for questions and assistance. Option for a make up test would be nice (CHEM-3410-01-81200-Fa2014-VercruysseKoen)
- Dr. V was an excellent teacher. He was very straight forward in his expectations for the class from day 1. On several occasions while studying over a weekend, I would email him a question and without fail, would receive a response on the same day. He is an engaging speaker and truly has a gift for presenting the information in a memorable way. I honestly cannot make a suggestion for what he could do to improve the course so, I will simply say...keep up the great work. (CHEM-3410-01-81200-Fa2014-VercruysseKoen)
- Encouraged class to watch video contributing to the subject (CHEM-3410-01-81200-Fa2014-VercruysseKoen)
- The instructor is very good and helpful. He taught us the fun side of biochemistry. (CHEM-3410-01-81200-Fa2014-VercruysseKoen)
- I would suggest that Dr.Vercruysse give more take home assignments and quizzes in order to allow the students to gain more practice on this challenging subject , as well as have more leverage for grading . (CHEM-3410-01-81200-Fa2014-VercruysseKoen)
- his class notes (CHEM-3410-01-81200-Fa2014-VercruysseKoen)
- Dr. Vercruysse broke the material down into an easy way to learn, and also repeated the information several times. I know the repetition was great because sometimes students did not understand the information the first time so hearing it a second or even a third time helped. Also the review sessions were great! I noticed though that grades were based solely on tests, it would have been nice to have quizzes in class to maybe boost some people's grades. Overall we were told what was expected from us and we had to serve our part-there really weren't any tricks out there to get us. (CHEM-3410-01-81200-Fa2014-VercruysseKoen)
- Great teacher (CHEM-3410-01-81200-Fa2014-VercruysseKoen)
- He's awesome! Excellent teacher and explains concepts thoroughly. (CHEM-3410-01-81200-Fa2014-VercruysseKoen)
- Wonderful professor! Did a great job of breaking the course into manageable chunks. Made the course super interesting, and I love his 'stories.' The one thing I didn't like was having to purchase the textbook- I think I've only opened it once and really did not feel the need to. I think that probably Dr. Vercruysse could work around making us purchase it. (CHEM-3410-01-81200-Fa2014-VercruysseKoen)

#### 24. With reference to technology, tutorial support, and the prerequisite for this course, if applicable, what changes would you suggest to the University to make this a better course?

- More tutoring options for this specific course (CHEM-3410-01-81200-Fa2014-VercruysseKoen)
- I would not make any changes to the class because it is fine where it is. (CHEM-3410-01-81200-Fa2014-VercruysseKoen)
- wish we had hw to help with our overall grade (CHEM-3410-01-81200-Fa2014-VercruysseKoen)

- Its good the way it is no change needed. (CHEM-3410-01-81200-Fa2014-VercruysseKoen)

#### Please respond to the following questions:

#### 23. What is the best thing the instructor did to help you learn, and what should the instructor improve in this course?

- Studied with us (CHEM-3410-1-81080-Fa16-VercruysseKoen)
- Honestly, he is hands down the greatest professor I have ever had. He is so knowledgeable and passionate about this course. He makes it enjoyable to come to class and learn. He is friendly, tough but fair, and he isn't out to get you or try to make you fail. He genuinely wants us to do well. Overall great professor and great person. Wish there were more people like him. (CHEM-3410-1-81080-Fa16-VercruysseKoen)
- The best thing the professor did to help me learn was answered questions; provided lecture notes for each chapter covered in advance; he showed videos and provided in class review day to help students prepare for his exams! This professor was perfect I am not sure that the course can be improved. (CHEM-3410-1-81080-Fa16-VercruysseKoen)
- This was a wonderful class. I have never had a chemistry professor make learning such an enjoyable and encouraging experience. I honestly feel like I want to take more chemistry courses as I learned so much this semester in Biochem I. (CHEM-3410-1-81080-Fa16-VercruysseKoen)
- Dr. V is a wonderful professor. He does not need to change anything. (CHEM-3410-1-81080-Fa16-VercruysseKoen)
- Assisted the students with any questions (CHEM-3410-1-81080-Fa16-VercruysseKoen)
- Dr. V does a great job of explaining and making sure that we all understand the material. (CHEM-3410-1-81080-Fa16-VercruysseKoen)
- He simplified complex materials so that we could grasp all content. I enjoyed how he would be done with the material 2 class periods prior to the test, so that we could have 1 day of review prior to the test. (CHEM-3410-1-81080-Fa16-VercruysseKoen)
- I benefitted from the built in lectures to review prior to each test. the final chapter on enzymology and test felt rushed. I thoroughly enjoyed this course, Dr. Vercruysee is a great educator! He made very complex material accessible and interesting!! (CHEM-3410-1-81080-Fa16-VercruysseKoen)
- provided information on what to study for each test (CHEM-3410-1-81080-Fa16-VercruysseKoen)
- He really cares about teaching his students and attempts all effort to help them understand. (CHEM-3410-1-81080-Fa16-VercruysseKoen)

#### 24. With reference to technology, tutorial support, and the prerequisite for this course, if applicable, what changes would you suggest to the University to make this a better course?

#### Comments

Please respond to the following questions:

#### 23. What is the best thing the instructor did to help you learn, and what should the instructor improve in this course?

- He always had multiple ways of explain the difficult material. (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- My instructor did a phenomenal job at explaining the material to all his students. I feel that any student can learn from Dr. V because he makes the difficult material simple as possible and he builds upon previously learned information. (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- This instructor is the best chemistry professor I have observed at TSU so far. He doesn't 'dumb' down the material, makes his expectations known, AND sees that the class meets those expectations. He also has a unique and interesting lecture style, which seems to engage even the most disenchanted of students. I have been in school with most of the students in this class for years, but have never seen them interact and try as hard as they did in this course. I think there is no coincidence here. Dr. V is an amazing instructor. We are lucky to have him. (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- The best thing Dr. V did to enhance my learning experience was provide videos to help students better comprehend the material. (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- Great teacher. Class is set up to provide the best possible way for you to learn and understand efficiently. (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- My instructor helped me understand concepts. (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- Swagg me (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- Excellent instructor. He explains things multiple times. He doesn't get frustrated when a student who wasn't listening to the answer asks him to repeat the answer, even after he has repeated himself a million and one times. Uses videos to help students visualize biochemical processes. (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- More videos would be great (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- nothing everything was good (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- I enjoyed this class. (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- Dr. V is one of the best chemistry teachers I've had so far at Tennessee State'University. He cares about the students and makes sure that everyone understands the material without rushing through powerpoints. He takes the time out to answer everyone's questions and keeps his office for students to come for additional assistance. (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- The instructor explains everything in a very effective way. Lecture speed was great and he always answered all of the student's questions. It helped a lot that he followed the syllabus and stuck to deadlines. I like the fact that there was no homework and extra credit/assignments were optional. Students were free to decide how much work they wanted to put into the class. Definitely would take this course again. (CHEM-3410-1-80971-Fa17-VercruysseKoen)

- My professor was very honest with us about everything that we'd be doing and was always willing to give us his undivided attention to ask questions. (CHEM-3410-1-80971-Fa17-VercruysseKoen)

**24. With reference to technology, tutorial support, and the prerequisite for this course, if applicable, what changes would you suggest to the University to make this a better course?**

- Make sure we are learning tentatively in the prerequisite courses so that students don't struggle as much when they reach these higher level subjects. (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- Update elearn (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- Include this course in the book bundle please. Since this is a two part course. I will have to purchase access to the book twice if I want to participate in the interactive online part. (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- nothing (CHEM-3410-1-80971-Fa17-VercruysseKoen)
- I wouldn't recommend any changes because we had a wonderful educational experience (CHEM-3410-1-80971-Fa17-VercruysseKoen)
