

COMPUTER SCIENCE

AREAS OF INTEREST

- Programming Languages
- Computer Hardware
- Database Systems
- Computer Communications
- Computer Networks
- Cyber-Security & Cryptography
- Computer Architecture
- Artificial Intelligence & Robotics
- Computer Graphics & Vision
- Bioinformatics
- High-Performance Computing
- Game Programming
- Mobile Applications
- Software Engineering
- Distributed & Parallel Computing
- Enterprise Computing
- Human-Computer Interaction
- DNA and Cloud Computing
- Health Informatics
- And many more...

Department of
Computer Science

Concentration
in Bioinformatics

Minor
in Computer Science

**Bachelor
Science**

Research Funding Agencies

Dr. Ali Sekmen (615) 963-5712
