

## URBAN STUDIES ACADEMIC MAP: DEGREE BS (120 CREDIT HOURS)

### Offered Evenings, Weekends, and Online

This degree map is a semester-by-semester course schedule for students majoring in **Urban Studies**. The milestones listed to the right of each semester are designed to keep a student on track to graduate in four years. The schedule serves as a general guideline to help students build a full schedule each semester. Milestones are courses and special requirements necessary for timely progress to complete a major. When one or more milestones are missed, students should consult with an academic advisor to determine if another degree path would be more suitable.

The mission of the Urban Studies program is to recruit, retain, and educate a diverse student body in the knowledge, skills and values of professional public service. In order to accomplish this mission, we will strive to do the following:

- Meet the professional development needs of students and those employed in the public, nonprofit, health and urban sectors by providing a quality program that builds skills in and knowledge of sociology, social work, urban affairs, public administration & leadership;
- Provide students with responsive, timely, and business friendly support services to promote retention and successful program completion;
- Conduct research and service activities supportive of these educational purposes; and
- Serve the public, nonprofit, health and urban sectors as a source of consultation, applied research, and knowledge of social programs, public policy & public management issues to the community.

The Bachelor of Science (BS) in Urban Studies is an interdisciplinary degree designed to prepare students to enter careers in public policy, public administration, urban planning, and nonprofit management. Students gain knowledge across a diverse set of policy areas including education, health, housing, transportation, economics, and the environment. Students gain skills in research, policy analysis, nonprofit fundraising, community service, outreach, and leadership. This unique combination of knowledge and skills provides Urban Studies graduates with the training necessary to meet the demands of the changing urban workplace and new economy.

For admission into the upper division courses of the Urban Studies program, students must (a) remove all high school deficiencies, (b) complete General Education courses, (c) earn a “C” or better in URBS 2010 and (d) earn a cumulative grade point average of 2.0 on college-level coursework. Students are encouraged to meet with their academic at least once a semester.

Once a student is approved to enroll in Urban Studies major courses, a “C” or higher must be earned in the major core courses. The core courses are: SOCI 3000, SOCI 4510, URBS 2010, URBS 3030, URBS 3670, URBS 3910, URBS 4250, URBS 4600, URBS 4850, and URBS 4900. Students who do not earn the required grade must repeat the course until the requisite score is made.

The Urban Studies program offers concentrations in Community Leadership and Public Service, Planning, and Diversity (18 hours included with elective hours). The Urban Studies program also oversees the Nonprofit Management and Leadership minor (18 additional required credits). These 18 hours count toward your required elective credits. The chart below outlines the required courses for the three concentration options as well as the Nonprofit Management and Leadership minor.
