

What is the Out of State eRate?

Students in any of the **100% online programs** in the Department of Public Administration who reside **OUTSIDE** of the state of Tennessee may seek the "out of state eRate" graduate tuition and fees, which is **LESS** than standard out-of-state graduate tuition and fees.

You can find the current graduate eRate in Bursar's Fees document available at <https://www.tnstate.edu/bursar/>

Rate verified every semester!

Follow any instructions regarding verification of out-of-state status before the start of each semester at <https://www.tnstate.edu/online/outofstate.aspx>.

Direct any questions about the rate or survey to the contact person listed on that page.

Check that the eRate was applied

It is **YOUR** responsibility to check your student account frequently during the semester. Make sure that the eRate discount was applied to the current semester's charges promptly at the start of that semester. Follow up with the contact person listed at <https://www.tnstate.edu/online/outofstate.aspx> if it was not.
