Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.

PSYC 7255 Psychopathology	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7256 Assessment of Psychopathology	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7260 Practicum	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7270 Multicultural Counseling: Theory, Research, & Intervention	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7280 Teaching of Psychology	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7320 Learning Theories	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.

PSYC 7365 Doctoral Practicum in Counseling Psychology	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7366 Doctoral Practicum in Counseling Psychology	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7367 Doctoral Practicum in Counseling Psychology	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7368 Doctoral Practicum in Counseling Psychology	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7369 Doctoral Practicum in Counseling Psychology	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7370 Advanced Doctoral Practicum in Counseling Psychology	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.

PSYC 7371 Advanced Doctoral Practicum in Counseling Psychology	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7465 Doctoral Practicum in School Psychology	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7466 Doctoral Practicum in School Psychology	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7535 Consultation and Program Evaluation	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7555 Assessment, Theory & Interventions with Individuals	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7556 Assessment, Theory & Interventions with Couples, Families & Systems	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.

PSYC 7557 Assessment, Theory & Interventions in Supervision	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7558 Supervision Practicum	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7559 Assessment, Theory & Interventions with Military Service Members and Families	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7710 Psychoeducational Assessment	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7730 Qualitative Research	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
PSYC 7750 Career Development: Theories, Methods & Contemporary Issues	Earned Doctorate degree in Psychology in the teaching discipline or a closely related discipline.	Counseling Psychology, Clinical Psychology	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in counseling psychology or mental health related field, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in counseling psychology or mental health related field related fields.
