Course Name	Faculty Qualifications Needed	Related Disciplines	Acceptable Alternative Qualifications
OCCT 5000 Fieldwork Seminar	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5010 Foundations of Occupational Therapy	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5050 Occupational Analysis	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5110 Anatomy	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5120 Neurobiology	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5160 Psychosocial Dysfunction	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5170 Psychosocial Dysfunction Applied	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5180 Biomechanics	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5250 Pediatric Lecture	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5251 Pediatric Lab	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5254 Pediatric Practicum	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5400 General Diagnoses Applied	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.

OCCT 5421 Clinical Practice	Earned Doctorate degree in Occupational	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry,	Acceptable alternative qualifications in occupational therapy include substantial professional
	Therapy in the teaching discipline or a closely related discipline.	Therapist, Nurse, Medicine	experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational
	E		therapy.
OCCT 5450 School-Based Occupational Therapy	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Pediatric occupational therapy, child development, speech-language pathology, special education, physical therapy, pediatric rehabilitation, developmental psychology	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5550 Physical Dysfunction I	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist, Nurse, Medicine	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5561 Physical Dysfunction I Lab	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist, Nurse, Medicine	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5554 Physical Dysfunction I Practicum	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist, Nurse, Medicine	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5660 Research I	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist, Nurse, Medicine	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5760 Administration & Leadership in Occupational Therapy	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Healthcare Administration	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5860 Research II	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 5900 Analysis of Research	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 6560 Physical Dysfunction II	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 6561 Physical Dysfunction II Lab	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 6554 Physical Dysfunction II Practicum	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.

OCCT 6810 Modalities in Occupational Therapy	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 6820 Sensory Processing and Integration	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 6830 Assistive Technology	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Assistive Technology	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 6840 Independent Study	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 6904 Internship I/First Level II Fieldwork Experience	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
OCCT 6914 Internship II/Second Level II Fieldwork Experience	Earned Doctorate degree in Occupational Therapy in the teaching discipline or a closely related discipline.	Physical Therapy, Kinesiology, Rehabilitation Sciences, Psychiatry, Therapist	Acceptable alternative qualifications in occupational therapy include substantial professional experience working in hospitals or rehabilitation centers, schools or pediatric clinics, home health or community settings or related field. Relevant professional licensure or certifications, and notable scholarly work such as published articles or conference presentations in occupational therapy.
