

Course Name	Faculty Qualifications Needed	Related Disciplines	Acceptable Alternative Qualifications
EDCI 5000 Foundations of Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning Educational Studies	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5010 Issues in Bilingual Education and Second Language Acquisition	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Applied Linguistics, Language and Literacy Education, TOSL, Teaching and Learning Educational Studies	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or bilingual education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5020 Strategies, Planning & Curriculum Design for ELL	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning Instructional Design	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5030 Teaching and Assessment of ELLs	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Educational Assessment	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5110 Research and Statistics in Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Educational Research and Evaluation, Statistics, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or educational research and evaluation, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5260 Philosophy of Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Educational Leadership	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or philosophy of education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5270 Advanced Social Studies	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Social Studies Education, Curriculum and Instruction, Geography, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or social studies education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.

EDCI 5280/6280 Designing Middle School Curriculum	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Instructional Design, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5290 Advanced Language Arts	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literacy education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5300 Multicultural Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Educational Leadership, Curriculum and Instruction, Education	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or multicultural education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5310 In-Service Education Workshops	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5315 Observation	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5340 Evaluation of Education Programs	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5350 Internship in Secondary School	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Secondary Education, Teacher Education, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or secondary education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5360 Internship in Elementary School	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teacher Education, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.

EDCI 5610 Alternate License Seminar I	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teacher Education, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5620 Alternate License Seminar II	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teacher Education, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5630 Alternate License Seminar III	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teacher Education, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5715 Advanced Methods of Teaching For Secondary Teachers	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Secondary Education, Teacher Education, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5730 Audiovisual Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Educational Technology, Media/Instructional Technology, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or educational technology, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5820 Advanced Mathematics in The Elementary School	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Mathematics Education, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or mathematics education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5830 Advanced Science in The Elementary School	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Science Education, Curriculum and Instruction, STEM Education, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or science education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.

EDCI 5840 Classroom Management: Creating A Community of Learners	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Educational Psychology, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5860 Values Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Educational Psychology, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or philosophy of education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5910 Problems and Projects in Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5920 Problems and Projects in Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5930 Problems and Projects in Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 5950 Seminar in Multicultural Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or multicultural education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 6100 Curriculum Planning and Programming	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.

EDCI 6130 Seminar in Curriculum Design	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 6150 Seminar in Curriculum Development	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 6180 Microcomputer Technology in Primary and Elementary Schools	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Instructional Technology, Educational Technology, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or instructional technology, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 6190 Microcomputers and Educational Services	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Instructional Technology, Educational Technology, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or instructional technology, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 7000 Foundations of Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Educational Studies, Sociology of Education, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 7020 Introduction to Doctoral Scholarship	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Educational Studies, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 7030 Independent Study	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Educational Studies, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.

EDCI 7080 Curriculum Theory	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Educational Studies, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 7110 Seminar in Instruction	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Educational Studies, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 7120 Advanced Methods of Research	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Educational Studies, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or educational research and evaluation, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 7140 Principles of Teaching	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Educational Studies, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 7450 Learning Theories for Teachers	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Educational Psychology, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or educational psychology, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 7870 The Elementary and Secondary Curriculum	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Educational Studies, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDCI 8100 Doctoral Dissertation	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Educational Studies, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or educational psychology, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.

EDLI 5310 In-Service Education Workshops	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Educational Studies, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDLI 6500 Investigating Reading and Writing Process	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction, Teaching and Learning Reading Specialist	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literacy education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDLI 5590 Foundations of Teaching Reading	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction, Teaching and Learning Reading Specialist	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literacy education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDLI 5610 Methods For Literacy and Instruction (K-5)	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literacy education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDLI 5640 Diagnosis and Treatment of Reading Disabilities	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction, Teaching and Learning Special Education, Reading Specialist	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literacy education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDLI 5690 Practicum in Reading Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction, Teaching and Learning Reading Specialist	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literacy education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDLI 5800 Linguistic Applications to Teaching Language Arts	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction, Teaching and Learning Reading Specialist	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literacy education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.

EDLI 5870 Interpreting Research Findings into Classroom Practice	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or curriculum and instruction, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDLI 6050 Strategies for Developing Reading/Study Skills in Middle and Secondary Schools	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction, Reading Specialist	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literacy education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDLI 6120 Current Trends and Issues in Reading - Language Arts Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction, Teaching and Learning Reading Specialist	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literacy education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDLI 6200 Directed Individual Study of Instructional Strategies in Reading	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction, Teaching and Learning Reading Specialist	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literacy education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDLI 6210 Directed Individual Study in Supervising Reading Instruction and/or Programs.	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction, Teaching and Learning Reading Specialist	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literacy education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDLI 6220 Directed Individual Study of Individualized Clinical Procedures	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Clinical Psychology, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or clinical psychology, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDLI 7020 Providing In-Service for Teachers of Reading and Other Language Arts	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literacy education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.

EDLI 7100 Internship in Supervision of Reading Instruction and/or Programs	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction, Teaching and Learning Reading Specialist	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literary education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDLI 7200 Internship in Reading Clinic	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Language and Literacy Education, Applied Linguistics, Curriculum and Instruction, Teaching and Learning Reading Specialist	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or language and literary education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5100 Multicultural/Bilingual Exceptional Student: An Introduction to the Field of Multicultural/Bilingual Special Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, TOSL, Teaching and Learning Special Education	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or multicultural education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5370/6370 Characteristics and Strategies for the Physically Challenged	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning Special Education	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5520/6520 Organization and Administration of Programs and Services for the Disabled	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning Special Education	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5530 Education and Psychology of Exceptional Children	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Curriculum and Instruction	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5540/6540 Theory and Procedures for Teaching the Exceptional Child	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.

EDSE 5550 Characteristics of Young Exceptional Children	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5560 Psycho-Educational Diagnosis of the Exceptional Child	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or clinical psychology, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5570 Consultation and Collaboration	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or educational psychology, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5580 Learning and Behavior Disabilities	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Curriculum and Instruction, Teaching and Learning Behavioral Education	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5590/6590 Characteristics and Needs of the Gifted	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5600/6600 Teaching the Gifted	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5630/6630 Teaching Early Childhood Special Education	Earned Doctorate degree in Early Childhood Education in the teaching discipline or a closely related discipline.	Education, Special Education	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.

EDSE 5640 Managing Inappropriate Classroom Behavior	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Curriculum and Instruction	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5680 Instructional Intervention for Students with Mild Disabilities	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Curriculum and Instruction	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5690 Managing Transitions for Exceptional Persons	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Curriculum and Instruction, Teaching and Learning Behavioral Education	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5700 Curriculum, Methods and Materials for Multicultural/Bilingual Special Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Curriculum and Instruction, Applied Linguistics, Language and Literacy Education, TOSL, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5710 Teaching Individuals with Severe Disabilities	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Curriculum and Instruction, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5720 Medical Aspects of Exceptionality	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Clinical Psychology, Special Education	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or clinical psychology, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5730/6730 Assessment of Exceptional Multicultural/Bilingual Populations	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Curriculum and Instruction, Applied Linguistics, Language and Literacy Education, TOSL, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.

EDSE 5800 Technology in Special Education and Rehabilitation	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Instructional Technology, Curriculum and Instruction	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5810/6810 Cultural Pluralism & Language Disorders	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Curriculum and Instruction, Applied Linguistics, Language and Literacy Education, TOSL, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5820/6820 Cultural Diversity & Behavior Disorders	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Behavioral Education, Behavior Specialist, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5900/6900 Practicum in Special Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5910, 5920, 5930 Problems and Projects in Special Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 6910, 6920, 6930 Problems and Projects in Special Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 5950 Student Teaching of Exceptional Children	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.

EDSE 5960 Internship in Special Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
EDSE 7910 Seminar in Special Education	Earned Doctorate degree in Education in the teaching discipline or a closely related discipline.	Special Education, Educational Psychology, Teaching and Learning	Acceptable alternative qualifications include substantial professional experience (e.g., publications, awards) in Education or special education, relevant professional licensure/certifications, and notable scholarly work such as published articles or conference presentations in Education related fields.
