

## Indicators of Completer Satisfaction

### *Annual Reporting Measure 4: Satisfaction of Completers*

**CAEP Standard 4.4:** The provider demonstrates, using measures that result in valid and reliable data, that program completers perceive their preparation as relevant to the responsibilities they confront on the job, and that the preparation was effective.

The Tennessee Department of Education (TDOE) measures completer satisfaction by addressing three major categories: (1) Clinical Experience and Coaching/Mentorship, (2) Coursework Faculty Expertise/Relationship, and (3) Overall Preparation.
