TSU Scholarships to Attract and Retain Students (STARS) in Graduate Engineering and Computer Science

DEADLINE TO APPLY: August 4, 2023 (Fall 2023 admission)
December 15, 2023 (Spring 2024 admission)

The National Science Foundation STARS scholarship program at Tennessee State University (TSU) provides students with scholarships (full tuition), professional development, internships, and mentoring to prepare students for careers in academia, research and/or industry. The award supports graduate students pursuing master's degrees in engineering and computer science at TSU.

STARS Fellowship Benefits:

- Up to $10,000 cost-of-education allowance for tuition and fees per year for two-years
- STARS pre-master's bridge program, professional development seminars/workshops, and mentoring

Eligibility Criteria:

- U.S. citizen or permanent resident
- Accepted into a master's degree program in the TSU College of Engineering (engineering or computer science)
- Will be entering 1st year of graduate school
- GPA: 2.8/4.0 GPA (graduating undergraduate students)
- Demonstrate financial need
