NATIONAL SUMMER TRANSPORTATION INSTITUTE (NSTI)

The objectives of NSTI are to improve STEM skills, provide awareness to high school students about transportation careers, and to encourage them to consider transportation-related courses of study in their higher education pursuits. Students selected for this program will participate in enrichment and preparatory coursework in computing, mathematics and physics and will cover different aspects of transportation (AIR, LAND, and SEA). Activities will include hands-on labs, field trips and presentations by various professionals working in transportation related fields. **There is no cost**; this program is administered by the Tennessee Department of Transportation (TDOT) and funded by the Federal Highway Administration.

About the Tennessee State University

Tennessee State University is a comprehensive, urban, coeducational land-grant university, founded in 1912. The 500-acre campus is located in Nashville, the state capital of Tennessee. TSU has nine academic colleges and schools and offers 83 majors in baccalaureate, master, and doctoral degrees.
