

ABOUT THE ACADEMY

TENNESSEE NEW FARMER ACADEMY

The Tennessee New Farmer Academy is a seven month certificate program designed for those with an interest in becoming agricultural entrepreneurs. Ideal candidates for this program include those who are new to agriculture, those who wish to transition into agriculture from another field such as military service or private sector work, or those who are looking for a post-retirement opportunity.

The program focuses on teaching the concepts, providing the information, and facilitating the hands-on experience needed to build solid, viable, and successful agricultural businesses.

EDUCATIONAL TOPICS:

FARM BUSINESS & MARKETING BASICS

Over multiple sessions, you will learn to identify the appropriate enterprise for you and your farm, how to start your business, and how to navigate the regulatory issues of the agricultural world. Additionally, you'll learn about some of the most effective marketing strategies, business management skills and how to apply for grants and other types of assistance programs available to new farmers.

AGRICULTURAL PRODUCTION PRACTICES

A portion of each session will be dedicated to helping you establish and/or maintain productive and efficient operations, covering topics like soil health, livestock production, fruit and vegetable production, beekeeping, irrigation strategies, organic production, greenhouse management, and hydroponics.

HANDS-ON EXPERIENCE

In addition to classroom instruction, the New Farmer Academy provides hands-on experiential sessions on topics including fruit tree pruning and care, drip irrigation and plasticulture, fencing installation and repair, sprayer calibration, and equipment operation/safety.
