Email-mshirle1@utk.edu

Most high school policies require that high school students choose a "pathway" by the beginning of their sophomore year. The chosen pathway determines the classes that said student will complete by the time they graduate high school.

**Is Animal Science/Pre-Vet for you?  
Come to our day camp at Lane Agri-Park and find out!**

\*\*There will be hands-on activities, like dissection of a goat uterus and putting your hands inside of a live cow's stomach.

\*\*We will go on field trips that include the MTSU farms and UT's Research and Education Center in Springhill.

\*\*We will visit local farms and learn about animal care and handling.

\*\*We will also study embryology and parasitology. ...and much, much more!

Programs in agriculture and natural resources, 4-H youth development, family and consumer sciences, and resource development.  
University of Tennessee Institute of Agriculture, U.S. Department of Agriculture and county governments cooperating.  
UT Extension provides equal opportunities in programs and employment.
