OUR STUDENTS

Shaun Anderson

Sophomore, Business Marketing, Lexington, KY

“It has been a huge help to have scholarships from the Foundation. I would not have been able to attend TSU otherwise. I am the son of a single mom who pays my tuition and fees by herself, in addition to supporting me financially. I could have gone to another school, but I wanted to become a part of the Tiger Family. My college experience has been amazing. I have connected with friends and professors who care about my success. Because of your support, I’ve been able to maintain a 3.5 GPA as well as be on the Dean’s List every semester.”

Adam Mohamed Traoré

Senior, Agriculture Science, Knoxville, TN

“This scholarship has allowed 100 percent of my focus to go towards my academic responsibilities, and because of that, I have been able to excel both academically and socially through my undergraduate years. Because of the Foundation’s support, I was able to stay in school and continue to perform at my highest academic capabilities without having a financial burden.”

OUR STUDENTS

Mariel Liggin

Senior, Biology, Louisville, KY

“ This scholarship gave me the opportunity to participate in a lot of major-related organizations, such as the Dr. Levi Watkins Pre-Med Society, where I serve as one of the council board members. I would have never been able to accept such a position if I felt as though I couldn't put in my full effort due to work or other financial obligation. Because of my scholarship, I was able to stay on campus and focus on my academics rather than working long hours to pay off my student debt. ”

Austin Hines

Sophomore, Business Administration, Antioch, TN

“ What brought me to TSU was my family legacy. I am part of the fifth generation of my family to attend TSU, and I believe this university has so much to offer its students. TSU is a great school, and I am proud to say I am an attendee. The Amos-Leon' and Benda Willis Otis Scholarship is a wonderful opportunity, and you will not be disappointed in providing me with this opportunity. ”

OUR STUDENTS

Chris Buford II

Senior, Mechanical Engineering, Nashville, TN

“Because of the scholarship I received, I was able to have the opportunity to attend Tennessee State University and focus on academic excellence without financial hardship. The rising cost of higher education makes college prohibitive for many students, even the high academic achievers. Because of this scholarship, I have been worry-free and able to be fully immersed in my academic experience. One of my goals in life is to become a mechanical engineer, a career that will allow me to use my love for math and science. I will use the knowledge gained from my TSU education to create robots for people in developing countries. Also, I will use my degree to design artificial limbs that will help people live rich, full lives. This scholarship has allowed me to achieve my academic goals by providing me with financial assistance. As a graduate of Tennessee State University, I will establish a scholarship fund to help students in the same way the scholarship has helped me.”

Brooke April Coleman

Senior, Health Sciences, Detroit, MI

“The scholarship I received allowed me to continue my education at Tennessee State University and lifted the financial burden of paying for college or acquiring a lot of college debt. This scholarship helped me by allowing me to focus on my studies, and not the cost of attending college.”

Class of 1979

"I, like many minorities in my generation, did not have the financial means to pay for college, so I had to rely on grants

and working a part-time job to pay for my education. This inspired me and my siblings to establish a STEM scholarship to honor our Mother, Mary Catherine Gardner, for her inspiration and commitment to education. It is our way of paying forward, providing financial assistance to TSU students who have the desire and dream to further their education, but do not have the financial means to make that dream a reality, especially in STEM programs. Four female members of my family, to include myself, earned degrees from TSU in Electrical, Civil, Architectural, and Aeronautical engineering, which is why increasing minority representation in STEM programs is very important to me and my family. These programs opened doors previously shut and provided unlimited professional opportunities that we and other African Americans would not have otherwise had available to us. Education unlock doors, and we want to help unlock doors for future generations and pray they will be inspired to do the same for others coming behind them."

I donate to TSU because I believe in the power of opportunity. Lack of access can hinder opportunities. I'm fortunate to have received a full scholarship, that along with work, in and out of the classroom, has afforded me many opportunities. I believe giving comes in many forms, not just money. I also mentor several students."

"I am absolutely compelled, and it is a personal mandate over my life, to give back to my alma mater, Tennessee State University! I am, first, so blessed for the wisdom, knowledge, and long-lasting memories that the Land of Golden Sunshine instilled in me. In order for TSU to continue to progress and to adequately prepare current students and future alumni, my (our) donations are absolutely critical! There are countless amazing students currently enrolled and I want to be a part of helping ensure they have the opportunity to make a tremendous impact on the world!"

Sophomore, Economics and Finance, Memphis, TN

“ I would like to thank the people responsible for the Memphis/Shelby County Scholarship who care about me as a student in terms of aiding me financially to continue my education at Tennessee State University. This is the first scholarship that I've accepted from the university, and receiving this award reassures me that there are people who care enough to acknowledge my academic success in high school and college. ”

Tiana Smith

Sophomore, Communications, Nashville, TN

“ It is a true honor to be presented with the Audrey B. Jones and Ronald Boswell Bradshaw Scholarship for all my hard work while attending Tennessee State University. In being recognized for my efforts, I am delighted to be acknowledged for my academic dedication to the university. I plan on living up to the TSU motto 'Think, Work and Serve.' This scholarship award will allow me to do my classwork and to strive for greatness without finance being a huge issue. If I could do anything for TSU, I would give back to the students who are in financial need. I plan to give back financially once I do have the financial means to do so. ”

Sophomore, Communications,

"I am extremely grateful to be awarded your prestigious scholarship. I would like to simply say thank you to Devaraj Vennapusa. I believe that the key to academic success comes directly from donors and alumni. I appreciate your financial support for my higher education. I plan to further my education after undergraduate at Tennessee State University. I plan to give back to my university once I am established in my career."

HONOR ROLL OF DONORS

July 1, 2018 – June 30, 2019

Gena Townsend
Class of 1980

"Why do I give? Why do I believe in supporting my beloved University? I give because I care. I give because I want my University to survive and flourish for at least the next 200 years. I give because I want to say thank you. My time at TSU provided me with the education and taught me resilience to prosper in today's society. Those traits should be available for the future generations. One way to maintain this, is to give. That is why I give."

Sophomore, Communications, Camden, Ark.

“ I am sincerely grateful in your selection of me as a recipient of the Joan Elliott Memorial Foundation Scholarship Award. It allows me reassurance that a committee thought enough of me and what I am trying to accomplish to put their

investment in. This gift will alleviate the stress or worrying how to afford an education. Being from a small town did not leave room for thinking outside of the box, not many people ever leave this town, and aren't supportive of goals that seem impossible to reach. I always knew I would be involved in communications from the time I was giving monologue speeches in fifth grade. However, I did not expect to fall in love with cinematic arts quite like I had. The communications department at Tennessee State University challenged and propelled my critical thinking further than I would have imagined possible. ”

I am honored to be a recipient of the Alumni Million \$ Challenge Scholarship. With this scholarship, I can further my education and continue to excel academically here at TSU. After graduation, I would like to give back to the university financially and stay involved. My freshmen year at TSU, I set goals that became a reality, but allowed me to understand that education is my way of overcoming struggles."

WAYS TO GIVE

Tennessee State University counts on the generous contributions of alumni and friends to fulfill its commitment of providing top quality affordable education to our students. Your gift to the Tennessee State University Foundation allows us to provide scholarships, departmental support, and meet the needs of other special projects that benefit our students.

Every gift, no matter what size, makes a difference. Thank you for your support!

Make An Annual Gift

An unrestricted gift to TSU Foundation provides flexibility to use the money where it's needed the most – most often for scholarships just like those you read about here.

Create An Endowment

An endowment is an excellent way to leave your legacy. With a minimum gift of \$25,000, the TSU Foundation will manage your investment in the university in perpetuity. The earnings can fund a scholarship or be designated to other university programs in accordance with your wishes.

Establish A Planned Gift

Consider including TSU in your estate planning by naming the university as a beneficiary in your will. This will provide tax advantages for your estate and allow you to show your loyalty and support to TSU, without impacting your current finances.
