Dear Honor Students and Faculty:

Congratulations to each of you for your outstanding achievements in academic excellence. We salute you even in the absence of our Honors Convocation this year. We recognize your hard work, dedication and determination in continuing the legacy of excellence at Tennessee State University. This year has been different for all of us but especially for you our special honorees. Although we regret not recognizing you in person, true honor has no physical boundaries.

We are very proud of our 2,210 Dean’s List students and 236 President’s List students who are being recognized for their outstanding academic achievements. You represent one of our largest Honors classes ever and we also salute our outstanding professors.

As President of Tennessee State University and as a former TSU Honor student, I commend you for maintaining a high Grade Point Average and for serving as role models to your peers. Your leadership is distinctive and your commitment is unparalleled. I wish you continued learning as you succeed in your career and may your path be blessed and prosperous.

Sincerely,

Dr. Glenda Glover
8th President of Tennessee State University
March 25, 2020

Dear Honors Student:

It is my privilege to recognize your academic achievements this year. Traditionally, we use our March ceremony to extend our congratulations for your scholarly contributions. Although our current emergency prevents that from occurring this year, I hope this letter finds you healthy and safe, ending your academic year on a high note.

It seems as if every day I look at our news outlets and website, gaining further evidence that our students are involved in spectacular activities. I read that you are winning research presentations and successfully competing regionally with your engineering expertise. I smile as I learn of you preparing free tax returns for the underserved. I am joyful that you share your study abroad experiences with us, writing web blogs from various locales. You have made the world your learning laboratory, and our university is all the better for it.

I hope you continue to dedicate yourself to academic excellence, making the most of every moment you have using the gift of undergraduate education. For those of you graduating this month, go forward with the confidence of your degree and commit to making your life count—today and tomorrow. As the philosopher Albert Camus wrote, “Real generosity toward the future lies in giving all to the present.”

I remind you that your accomplishments are not yours alone. You carry a support network of people who have cheered you on and provided needed support. While you bask at the moment, reflect on those people in your life who are instrumental in your success. Remember to extend your gratitude to them.

I look forward to the accomplishments you will achieve after this milestone you have conquered. You have finished what you started, and you dared to dream, to explore, and set goals for your future. Congratulations!

Sincerely,

Alisa L. Mosley, Ph.D.,
Interim Vice President
In 1963, Dr. Walter S. Davis, who was the second President of Tennessee State University (TSU), appointed a committee that was charged with the responsibility of studying honors programs and determining the feasibility of establishing one at the University. After completing the investigation, the committee recommended that TSU keep pace with many other universities throughout the country. As a result, an Honors Program for freshman students was started in the fall semester of 1964. Sophomore through senior level course work was added annually throughout 1968, thus marking the year of the first student to graduate with “University Honors,” a distinction that is reserved for students who have successfully completed the requirements of the University Honors College (UHC).

Dr. McDonald Williams became director of the Honors Program at TSU in 1966 and held that position until his retirement in 1988. Additionally, he gave 30 years of distinguished service as an English professor at TSU. The University Honors Center, which is now located in the Harold M. Love, Sr. Student Success Center, was named the *McDonald Williams Honors Center*, on October 31, 1995. Dr. Joan Elliot served as interim director from 1988-1990, Dr. Mayibuye Monanabela served as director from 1990 – 1992 and Dr. Sandra Holt from 1992 – 2013. The current dean, Dr. Coreen Jackson, was appointed in 2013 by current TSU President, Dr. Glenda Glover.

It was the desire of Dr. Glover and administrators to implement the goal of the Academic Master Plan 2008-2028 that enhanced the Honors Program and transitioned it into an Honors College. In January 2016, the Honors Program was approved by the Tennessee Board of Regents and the Tennessee Higher Education Committee to be elevated from an Honors Program to an Honors College. The Honors College currently consists of over 640 multi-disciplinary students who maintain an overall GPA of 3.25 or above.

It is our honor to be celebrating TSU’s Honors College with this observation of academic excellence and a commitment to higher education during the 2020 Honors Convocation.

UNIVERSITY-WIDE NATIONAL HONOR SOCIETIES

Alpha Kappa Mu Honor Society
Founded at Tennessee Agricultural and Industrial College (now Tennessee State University) on November 26, 1937 by Dr. George W. Gore as the only national honor society for African-Americans, Alpha Kappa Mu National Honor Society now has more than 75,000 academically gifted and talented men and women of all races, ethnicities, religions and national origins committed to promote high scholarships; to encourage sincere and zealous endeavors in all fields of knowledge and service; to cultivate a high order of personal living; and to develop an appreciation for scholarly work and scholarly endeavor in others.

The Honor Society of Phi Kappa Phi
Dr. Samantha Morgan-Curtis, Chapter President
The primary objective of the national Honor Society of Phi Kappa Phi is the recognition and encouragement of superior scholarship in all academic disciplines. The Society is convinced that in recognizing and honoring those persons of good character who have excelled in scholarship, in whatever field, it will stimulate others to strive for excellence. For undergraduate initiates, as juniors, students must be in the top 7.5% of their class; and as seniors, students must be in the top 10% of their class. Moreover, the society serves the interests of the student capable of excellence by insisting that in order to acquire a chapter of Phi Kappa Phi, an institution provide the means and atmosphere conducive to academic excellence. Phi Kappa Phi was founded in 1897, and the TSU chapter was established in April 1994.

Golden Key International Honor Society
Dr. Tyrone Miller, Primary Advisor
The goals of the Golden Key International Honor Society are to recognize and encourage scholastic achievement and excellence in all undergraduate fields of study, to unite with faculty and administrators in developing and maintaining high standards of education, to provide economic assistance to outstanding members by means of both undergraduate and graduate scholarships, and to promote altruistic conduct through voluntary service. Membership is by invitation to those students who are in the top 15 percent of their junior and senior class. Full-time, as well as part-time students qualify, and members include both traditional and non-traditional students. The TSU Golden Key chapter was chartered in May 1978. Worldwide, there are more than 250 chapters.
