MESSAGE FROM THE PRESIDENT

Tennessee State University stands poised to redefine its legacy as a premier Historical Black Colleges and Universities (HBCU) Land Grant Institution. The University’s location in a thriving and growing urban center provides the environment to maximize the educational experiences for students while addressing the needs of our region. With assistance from a 50-member committee from a cross-section of institutional stakeholders, the University completed a comprehensive strategic plan to guide our efforts.

Given the unpredictable times, shaping a forward-looking plan accentuates the importance of integrated thinking, cross-departmental exchange, and a flexible leadership team. The University’s legacy as an HBCU land grant institution presents the opportunity to expand partnerships in new ways to address emerging needs. Also, our commitment to economic growth and community development in the region will help to shape and redefine our work moving forward. With input from a broad constituency, the level of dynamic engagement enhances the quality and produces plans that better align the institution to a standard set of priorities. Cultivating a climate of academic excellence is foundational to the University, and the strategic plan will help to ensure our long-term sustainability and growth.

PLANNING OVERVIEW

Founded in 1912, Tennessee State University is Nashville’s only public University and is a premier, historically black University and land-grant institution. Currently, the University consists of eight (8) academic colleges and schools. Through its eight colleges and schools, TSU offers two associate degrees, 40 bachelor’s degrees, 24 master’s degrees, one educational specialist, and seven doctoral degrees. The University is a comprehensive research-intensive institution with an R-2 Carnegie classification. It has a graduate school on its downtown Avon Williams Center, along with the Otis Floyd Nursery Research Center in McMinnville, Tennessee. With a commitment to excellence, the University provides students with a quality education in a nurturing and innovative environment that prepares them as alumni to be global leaders in every facet of society. In the University’s second century of academic excellence and service, President Glenda Baskin Glover has challenged the university community to craft a plan that articulates its commitment to providing a world-class education. Continuing to provide access to a high quality and affordable education will rest in its ability to redefine and leverage the HBCU land grant legacy.

Between November 2019 to July 2020, committees conducted institution analysis of strengths, weaknesses, opportunities, and threats (SWOT) using supporting data to frame priorities. The entire campus community was engaged in providing feedback at several stages. Based on this effort, the mission, vision, and core values were revised, and five strategic goals were identified. This bold and transformative plan, “The Pathway to Excellence 2025,” defines and addresses the challenges and opportunities facing higher education. Through its focus on student success, academic excellence and world-changing impact stand to position TSU for decades. After completion of the University’s plan, academic Colleges and Administrative units will develop integrated plans that are mapped to the institution’s priorities and scorecard.

VISION STATEMENT

Tennessee State University aspires to be the premier public urban, comprehensive institution achieving prominence through innovation and instruction, research, creativity, and service with the dissemination of knowledge and information.

MISSION STATEMENT

Tennessee State University, through its legacy as an HBCU and land grant institution, transforms lives, prepares a diverse population of leaders, and contributes to economic and community development by providing affordable and accessible educational programs at various degree levels promoting academic excellence through scholarly inquiry, teaching, research, lifelong learning, and public service.
CORE VALUES
Tennessee State University maintains the following core values:

LEARNING EVERYDAY
We will embrace a culture that enriches the learning experience, enhances critical thinking, and promotes a desire for life-long personal development.

MAKING EXCELLENCE A HABIT
We will pursue excellence in everything we do and ensuring Excellence is at the forefront of our minds every day.

THINKING BEYOND THE OBVIOUS
We will demonstrate a higher level of creative thinking and use it to transform the world around us every day.

WORKING RELENTLESSLY
We will set the standard of tenacity and hard work. And remain unrelenting to make a difference in our world.

SERVING EVERYONE, WE ENCOUNTER
We will do service to all is what makes us proud.

STRATEGIC ENVIRONMENTAL SCAN
The University conducted internal and external environmental scans guided by the renewed vision, mission, and core values to ensure activities define the critical factors facing higher education. A comprehensive analysis of relevant data and trends helps to ensure that strategic choices and identification of priorities based on facts and current information. The primary purpose of environmental scanning using the integrated Strengths, Weaknesses (Challenges), Opportunities, Threats (SWOT) analysis was to determine the future direction, create goals, strategies, key action steps; and metrics to improve organizational effectiveness; connectivity to strategic partners; and establish the assessment framework to evaluate the effectiveness of the University to ensure the fiduciary, strategic planning. Leadership responsibilities are managed at the highest levels.

The University used an ongoing integrated research-based strategic planning method to improve academic programs, student learning outcomes, and infrastructure to achieve long-term goals. The SWOT analysis provided the assessment framework to evaluate the effectiveness of the University to ensure that fiduciary, strategic planning, and leadership responsibilities and managed at the highest levels. Internal and external sub-committees identified factors that influenced the functioning of the University and provided useful information in the strategic planning process. The sub-committees focused on the future within the context of internal and external environments that continuously change and the landscape of the University’s community. The SWOT engagement process:
**Strengths (S):** Using analysis and institutional data to identify factors that set the University apart from our peers. What are the University’s internal strengths?

- The University possesses three key niche classifications, all of which produce valuable funding opportunities and distinguishes the institution from other state institutions: Landgrant, HBCU, and R2 Carnegie Classification
- TSU is in the state’s capital city with proximity to state leaders representing the legislative and executive branches of government, as well as access to corporate business leaders
- TSU is located within approximately 250 miles of major cities with key student recruitment audiences
- Affordable compared to peer institutions
- Alumni affinity is 84%

**Weaknesses (W) (Challenges):** Using analysis and institutional knowledge to identify factors that must be improved to become effective/ What are the University’s internal weaknesses?

- A downward enrollment trend over the last four years, attributable to several factors
- Inadequate financial aid/scholarship support for need and merit-based students
- Deficient in the evolution of technological infrastructure and online educational offerings
- The aging infrastructure presents a challenge in attracting students, faculty, and strategic partnerships

**Opportunities (O):** What are the external factors that can enable the University to achieve desired outcomes? What are the internal and external opportunities that might move the University closer to its vision?

- Improve TSU’s standing in the community and visibility through activities and other engagements with corporate, legislative and metro council stakeholders and the strengthening of relationships with the entities
- Enhance online academic opportunities through dual enrollment and diversified delivery of academic programs
- Develop relationships with corporations entering the middle Tennessee/Nashville community to increase the pipeline for internships, externship and employment positions
- Implement strategies and fundraising models that increase revenue streams to the University from external constituents (legislative, government agencies, alumni, corporations, parents)
- Seek partnerships with the business community to enhance overall operations of the University and placement of graduates after graduation

**Threats (T):** What are the external factors, situations, or changes that could have negative impacts?

- Left behind in digital and virtual age
  - Inability to enhance digital/virtual footprint may lead to decrease in enrollment
- The “new normal” associated with post-COVID-19 Pandemic:
  - Economic environment leads to students taking all online courses
  - Due to unemployment and other financial circumstances, students and parents/guardians unable to fund education
- The current level of federal/state-based funding is insufficient to cover escalating educational costs
- Online and in-person educational programs sponsored/developed by corporations will replace university educational programs
WHAT ARE THE SUPPORTING DATA (metrics and trends)?

Over five months, eight sub-committees comprised of VPs, AVPs, deans, faculty, and staff identified, interpreted, analyzed, and synthesized collected data from various sources. Data collected from academic affairs, enrollment management, student affairs, facilities management, technology services, Auxiliary services business and finance, administrative services, institutional advancement, sponsored programs, and institutional research/effectiveness provided the baseline analysis. Input and comments from the executive leadership team, deans, faculty, staff, alumni, students, employers, and external stakeholders were included and synthesized. Each team prepared, shared, and discussed reported foundational data sets and critical findings. Also, the internal and external sub-committees presented their reports summarizing SWOT findings. The completed analysis process, by the leadership team, was charged to identify priorities and themes from the work of the internal and external teams. The leadership team identified 32 priorities in the first meeting. Through a multi-voting process, the team decreased the number to 16 priorities. The sub-committee of the Leadership team, which consisted of the Provost, Director of assessment and accreditation, VP, and deans, identified the five strategic goals and strategic objectives aligned with the vision and mission of the University. These goals, strategic objectives, and targets were sent to all divisions for feedback, suggestions, recommendations.

Rigorous assessment of internal and external factors revealed new opportunities and potential threats that could prevent the University from achieving its goals. The strategic planning committee considered how this information might influence strategic choices moving forward. Finally, the strategic planning committee conducted a gap analysis to identify the amount of change required to move from the status quo to the aspirational vision. The gap analysis delineated areas in which the University can utilize for long-term success. Additionally, understanding the value in identifying the limitations of the University helped to establish better alignment regarding the critical considerations. Considering the causes of the gaps and the magnitude of change required, the committee utilized baseline and peer analysis to structure its recommendations. The strategic table below shows activities that align with the strategic goals, objectives, and targets for the next five years. Based on the metrics identified, the table provides a quick snapshot of what the university results will look like if met each year for the next five years. It provides forecast projections based on the baseline data and the projected increase each year.

# TSU STRATEGIC PLAN DEVELOPMENT

**Goals, Strategic Objectives, and Targets**

<table>
<thead>
<tr>
<th>Goal #1</th>
<th>ATTRACTION, PREPARE, AND GRADUATE SCHOLARS TO CHANGE THE WORLD</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Strategic Objectives</strong></td>
<td></td>
</tr>
<tr>
<td>1. Grow undergraduate and graduate enrollment.</td>
<td></td>
</tr>
<tr>
<td>2. Develop innovative approaches to retain a diverse student body.</td>
<td></td>
</tr>
<tr>
<td>3. Improve graduation attainment performance.</td>
<td></td>
</tr>
<tr>
<td>4. Expand online academic programs that address the diverse needs of students and constituents.</td>
<td></td>
</tr>
<tr>
<td>5. Establish a comprehensive onboarding process inclusive of orientation, tutorial support, advisement, registration, and other academic and student support services.</td>
<td></td>
</tr>
<tr>
<td>6. Provide students access to experiential learning, research, and engagement opportunities.</td>
<td></td>
</tr>
</tbody>
</table>

**TARGETS:**

1. **1.1** 5% increase in total enrollment from the previous year
2. **1.2** 7% increase in retention over the previous year
3. **1.3** 5% increase over the previous year for 4-year and 6-year graduation rates
4. **1.4** 10% increase in new online academic programs
5. **1.5** increase student satisfaction survey results annually
6. **1.6** 5% increase in students’ engagement annually

<table>
<thead>
<tr>
<th>Goal #2</th>
<th>CULTIVATE AN ORGANIZATIONAL CLIMATE THAT PROMOTES COLLABORATION, CONTINUOUS IMPROVEMENT, AND HIGH PERFORMANCE</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Strategic Objectives</strong></td>
<td></td>
</tr>
<tr>
<td>1. Build and enhance a culture that utilizes and supports assessment, accreditation, compliance, and strategic planning.</td>
<td></td>
</tr>
<tr>
<td>2. Improve customer service and enhanced quality and responsiveness to internal and external demands.</td>
<td></td>
</tr>
<tr>
<td>3. Enhance technology infrastructure to provide the various communities technological resources needed today.</td>
<td></td>
</tr>
<tr>
<td>4. Improve institutional wide operational and organizational effectiveness improvement and efficiency initiatives.</td>
<td></td>
</tr>
</tbody>
</table>

**TARGETS:**

1. **2.1** increase the number of targets met annually
2. **2.2** increase satisfaction survey results annually
3. **2.3** % change in technology infrastructure plan achieved annually
4. **2.4** 5% improvement and efficiency survey, initiatives or dollars annually
**Goal #3**

**CREATE A TRANSFORMATIVE EDUCATIONAL ENVIRONMENT THAT IMPACTS MIDDLE TENNESSEE AND BEYOND**

Emerging trends indicate a shift in the way learners perceive the educational experience. Addressing the needs of society demands an outward look into the relevant issues facing our region and world. Aligning our intellectual capacity and resources in systemic ways creates partnerships that produce the scholarly environment for groundbreaking activities.

**Strategic Objectives**

1. Align academic programs to build and expand partnerships with the fastgrowing technology, healthcare, and music-related and other businesses in the Nashville Metro region.
2. Enhance coordinated efforts internally and externally to improve engagement with all stakeholders.
3. Increase partnerships with the business community to enhance overall operations of the University and placement of graduates.
4. Cultivate a climate of interdisciplinary research and for all stakeholders.

3.1 Increase by 5% each year the number of academic programs aligned with partnerships
3.2 Increase by 5% the engagement of alumni and stakeholders annually
3.3 Increase by 5% partnerships and the percentage of the number of placements annually
3.4 10% Increase in research and creative activities and proposals via sponsored research annually

---

**Goal #4**

**GENERATE REVENUE AND CAPACITY TO REINVEST IN STRATEGIC PRIORITIES**

The development of critical resources is quintessential to the long-term success of the University. Given the aging infrastructure, attracting students, highly qualified faculty and staff, and strategic partner will become increasingly difficult. Utilizing the rich land grant heritage, strong alumni based, and strategic location, the University will leverage these strengths to ensure our future.

**Strategic Objectives**

1. Strengthen the University’s fiscal position to enhance current and diversify current and new revenue streams
2. Increase and offer competitive scholarships by 10% per academic year.
3. Enhance the research output of personnel (faculty and graduate students), Ph.D. programs, and facilities to sustain R2 research status and pursue R1 classification.

4.1 Increase reserve dollars by 5% each year
4.2 Increase scholarship support dollars by 10% each year
4.3 Increase research dollars and expenditures by 10% annually and establish one new Ph.D. program each year.
Goal #5

PROMOTE, STRENGTHEN AND SUSTAIN ACADEMIC EXCELLENCE IN TEACHING AND LEARNING

The most essential mandate for institutions of higher learning resides in its ability to provide a rich and meaningful academic experience. Student diversity, uncertainty, and shifts in teaching methodologies are making new demands in the way the University fulfills its mission. Hence, attracting and retaining highly qualified faculty plays an important role in the accomplishment of this goal.

Strategic Objectives

1. Attract and retain talented and highly qualified faculty and staff.
2. Create and enhance the professional development of faculty and staff through a coordinated approach.

5.1 Increase the number of relevant credentialing, endowments, and chairs of excellence annually. Increase the number of publications funded research.

5.2 5% increase in professional development and training for faculty and staff
In November 2019, the steering committee charged committees to conduct internal and external environment scans.

In May 2020, internal and external committees shared findings and recommendations.

In July 2020, the draft strategic plan and scorecard were submitted.

By March 2021, development of college and administrative unit level strategic plan with a fully integrated implementation process will be developed.
EVALUATION

This section provides a general approach that will guide the evaluation step for assessing progress on strategic plan goals and objectives/strategic initiatives and reports evaluation findings. In the Evaluate step, evaluation questions are developed to inform the soundness of the strategic plan, monitor progress of meeting established goals, and measure the effectiveness of improved processes. The products of the Evaluation step include identified strategies, assessment methods, performance metrics, results, status, and budgets. Further, evaluation findings, summaries of how the strategic plan is progression, descriptions of changes to programs or activities based on evaluation findings should also be provided.

Strategic Goals:

Goal #1 Attract, prepare, and graduate scholars to change the world
Goal #2 Cultivate an organizational climate that promotes collaboration, continuous improvement, and high performance
Goal #3 Create a transformative educational environment that impacts Middle Tennessee and beyond
Goal #4 Generate revenue and capacity to reinvest in strategic priorities
Goal #5 Promote, strengthen and sustain academic excellence in teaching and learning

Evaluation Questions:

1. Is the goal aligned with the University mission?
2. Is the goal specific, measurable, attainable, realistic, and time-bound?
3. Is the performance metric valid (quantifiable and trackable)?
4. What are the results of the performance measured?
5. What is the status of progress – significant, minimal, no progress, no longer a goal?
6. If the goal was not met, what is the plan of action?

During the semi-annual review, answers to the evaluation questions are to be placed in the final column of the template below labeled “Evaluation Findings.” The evaluation process will occur during the semi-annual review, which is embedded in a self-sustaining planning process.
