Keynote Speaker

Dr. C. Fred Higgs, III

C. Fred Higgs, III is the John & Ann Doerr Professor of Mechanical Engineering at Rice University, where he is also the Vice Provost for Academic Affairs. He is also a Joint Professor with the Bioengineering Department, and the Faculty Director of the Rice Center for Engineering Leadership (RCEL). His educational background consists of a B.S. Degree in Mechanical Engineering from Tennessee State University, and an M.S. and Ph.D. from Rensselaer Polytechnic University. Prior to joining the faculty at Rice, he was a post-doctoral fellow at the Georgia Institute of Technology and a faculty member at Carnegie Mellon University. He is currently a member of the ASME Tribology Executive Committee and an Associate Editor for the *STLE Tribology Transactions* journal. His Particle Flow & Tribology Laboratory (PFTL) conducts computer modeling and experiments. A Fellow of the American Society of Mechanical Engineers (ASME), he is the past recipient of an NSF CAREER ‘Young Investigator’ award, and the ASME Burt L. Newkirk award (given annually to a single tribology innovator under *age 40*). Professor Higgs has published over 100 archival papers and generated licensable intellectual properties in concert. He has been the research advisor to 120 undergraduate, 30 Masters, 19 doctoral, and 5 postdoctoral research students.
