

**Position: POTUS Fellows & Scholars**

The POTUS Fellowship Program emphasizes preparation, matriculation, and completion of graduate-level Science, Technology, Engineering, and Math (STEM) programs at Tennessee State University (TSU). The program attempts to address the global need to increase African American representation in the STEM disciplines. We use best practices that have been effective in supporting the success of African American graduate students in STEM. The program supports the following disciplines: Biological Sciences, Biology, Engineering, Physical Therapy, Chemistry, Occupational Therapy, and Agricultural Sciences.
